

UK Amazon Seller Account Verification for Non-Residents — Now 100% Legal, Fast, and Remote

UKSellerSetup.com offers a done-for-you service to legally launch your Amazon UK seller account without UK residency or documents.

London, United Kingdom May 20, 2025 ([Issuewire.com](https://www.issuewire.com)) - Non-UK entrepreneurs can now launch verified Amazon UK seller accounts legally and remotely, thanks to [UKSellerSetup.com](https://www.uksellersetup.com) — the trusted one-stop service designed for global FBA sellers, brand owners, and e-commerce startups.

With Amazon UK's verification requirements becoming stricter each year, many non-residents face rejection due to missing UK-based documents, business accounts, or verified directors.

UKSellerSetup.com solves this by offering a **complete UK Amazon seller account setup for non-UK residents**, including:

- UK company formation (in your name)
- Verified UK nominee director for Amazon verification
- UK business address (valid for Companies House and Amazon)
- UK business bank account (Revolut Business or similar)

- Full Amazon UK seller account creation with passed KYC

All of this is done **100% remotely**, with no UK documents required from the client. You receive login credentials and full access to your seller account — ready to start selling in days.

This service is trusted by clients from the UAE, Turkey, India, Nigeria, and beyond. Whether you're launching your first Amazon brand or expanding an existing one to the UK marketplace, **UKSellerSetup.com** ensures your business is legally structured and fully verified.
