Curio Digital, pioneers of MamaLiftPlus—the first and only FDA-cleared digital therapeutic for women's behavioral health—now unveils Naari.ai, the world's first and only precision AI engine built exclusively for women's holistic care.

Naari.ai is unmatched.

Built on a foundation of clinical depth and proprietary AI, it delivers:

Hyper-personalized diagnostics
Adaptive therapeutic pathways
Predictive health insights

And it's not just the tech—it's the trust behind it.

Gideon Group is proud to serve as exclusive capital advisor and strategic investor in Naari.ai's \$100M+ raise.

Naari's institutional validation speaks volumes:

Otsuka Group (Precision + Nutraceuticals VC)
Mayo Clinic, Mount Sinai, Avestria Ventures
Bridgepoint Capital, Amadeus Capital Partners (Zurich)
Prange Pharma GmbH, Shukla Family Office (California)
Dr. Jean-Pierre Lehner, former Global CMO, Sanofi

With active engagement from Samsung, Google, and Philips, and deployments scaling rapidly across the Middle East and Southeast Asia, Naari.ai is setting the global benchmark in AI-led women's health.

Engineered by Dr. Shailja Dixit (Clinical Architect) and Sidhartha Shankar (AI Visionary), and supercharged by Shyam Kumar's uncompromising execution, this platform turns data into dignity and algorithms into advocacy.

Naari.ai: Where precision meets purpose.
