

Appliance Repair Southern California Expands Service Area to Wildomar, Enhancing Local Home Appliance Support

Appliance Repair Southern California announces new service coverage in Wildomar, offering timely refrigerator, washer and dryer, and oven repair solutions.

APPLIANCE REPAIR
SOUTHERN CALIFORNIA

Wildomar, California Jun 19, 2025 ([Issuewire.com](https://www.issuewire.com)) - Appliance Repair Southern California today announced the official launch of its [Appliance Repair in Wildomar](#) service area, marking a significant milestone in the company's ongoing effort to deliver accessible home appliance maintenance across

Riverside County.

Appliance Repair Southern California, a provider of on-site appliance diagnosis and repair since 2012, will now accommodate residents and businesses in Wildomar with same-day service appointments and a fully stocked mobile technician fleet. The expansion addresses growing local demand for prompt repairs to refrigerators, washing machines, ovens, and other essential household appliances.

“Serving Wildomar aligns with our commitment to bring professional appliance repair solutions closer to communities that previously experienced longer wait times,” said Maria Gonzalez, Operations Manager at Appliance Repair Southern California. “Our technicians are trained to work on all major brands, and our mobile units carry the parts needed for most common repairs.”

To celebrate the new service area, Appliance Repair Southern California will waive service call fees for the first 50 bookings in Wildomar through July 15, 2025. Residents may schedule appointments via the company’s centralized dispatch line. All requests received before 10:00 a.m. PST will be considered for same-day service whenever parts are in stock.

In addition to repair services, Appliance Repair Southern California offers maintenance tips to help Wildomar households extend the life of their appliances. Technicians will provide free on-site advice on filter replacement schedules, proper usage guidelines, and energy-saving settings.

Appliance Repair Southern California’s expansion into Wildomar follows similar market entries in Temecula, Murrieta, and Lake Elsinore. The company has performed over 25,000 successful repairs in the Inland Empire and maintains a 4.8-star customer satisfaction rating on independent review platforms.
