

Bladder & Bowel Institute Welcomes Dr. Esther Han as Director of Pelvic Health

Dr. Esther Han brings award-winning expertise in pelvic health to BBI's new Texas location, expanding access to innovative, minimally invasive treatments for bladder and bowel conditions.

McKinney, Texas Jul 15, 2025 ([Issuewire.com](https://www.issuewire.com)) - Bladder & Bowel Institute (BBI), the world's leading provider of advanced therapies for bladder and bowel control problems, is proud to announce that Dr. Esther Han, D.O., FACS, FACOS, has joined its growing medical team as the Director of Pelvic Health. Dr. Han will treat patients at the newly opened BBI location in McKinney, Texas.

Dr. Han is a board-certified urologic surgeon with fellowship training in Female Pelvic Medicine and Reconstructive Surgery (FPMRS). She brings extensive clinical experience and a strong track record of compassionate, patient-centered care. Prior to joining BBI, Dr. Han served as Director of Pelvic Health at Texas Urology Specialists. She is fluent in both English and Mandarin.

“Joining Bladder & Bowel Institute is an incredible opportunity to be part of a team that is deeply committed to patient dignity and innovation,” said Dr. Han. “I’m excited to bring specialized pelvic health care to more individuals in Texas—helping them regain comfort, control, and confidence through personalized, minimally invasive treatment options.”

Dr. Han's expertise includes managing conditions such as overactive bladder, urinary incontinence, stress incontinence, and benign prostatic hyperplasia (BPH). She is also a proponent of minimally invasive therapies, including neuromodulation techniques like sacral nerve stimulation and implantable tibial stimulation, aiming to improve patient outcomes with less invasive interventions. She has been recognized as a Texas Top Doc, a Top Woman in Medicine, and currently serves as an Assistant Professor of Surgery at Texas Christian University's Burnett School of Medicine. Her background also includes international medical mission work in countries such as Uganda, Malawi, China, Guatemala, and Jamaica.

Dr. Han has multiple Centers of Excellence certificates and serves as a Key Opinion Leader in the industry. She is well published and has been spotlighted on multiple TV, radio and podcast interviews.

“We are honored to welcome Dr. Esther Han to the BBI team,” said Dr. Chris Taylor, founder and Medical Director at BBI. “Her expertise in female pelvic medicine and reconstructive surgery adds a valuable dimension to our care model, especially as we expand our services into Texas. Dr. Han shares our commitment to providing compassionate, advanced therapies that truly change lives, and we're confident she will make a meaningful impact on the patients we serve.”

Bladder & Bowel Institute recently expanded into Texas with the opening of its new location in the former Methodist Craig Ranch Surgery Center space at 6045 Alma Road, Suite 100, McKinney, TX 75070. BBI has two locations—Harrison, Arkansas and McKinney, Texas—and proudly serves patients from Arkansas, Texas, Missouri, Oklahoma, Kansas, Tennessee & beyond. BBI aims to provide convenient access to expert care and advanced to those suffering from bladder and bowel control problems.
