

Dr. Arunit “Jessey” Chugh, MD, FAANS, Joins Center for Neurosciences as Director of Neurovascular Surgery in Tucson

Bringing Advanced Expertise in Complex Neurosurgical Care and Innovative Treatments to Southern Arizona

New York City, New York Jun 29, 2025 ([Issuewire.com](https://www.issuewire.com)) - The Center for Neurosciences in Tucson proudly welcomes Dr. Arunit (Jessey) Singh Chugh, MD, FAANS, a board-certified neurosurgeon, as the new Director of Neurovascular Surgery. With a wealth of advanced training and experience in complex cerebrovascular and skull base procedures, Dr. Chugh brings exceptional expertise and

leadership to Southern Arizona's neurosurgical community.

Dr. Chugh received his medical degree from Case Western Reserve University School of Medicine, following an undergraduate education in Neuroscience and Global Studies at UCLA. He completed his neurosurgical residency at University Hospitals Cleveland Medical Center, serving as Chief Resident, and went on to complete dual fellowships in Endovascular Neurosurgery and Cerebrovascular/Skull Base Surgery. His educational background underscores a deep commitment to academic excellence and advanced surgical training.

In his clinical practice, Dr. Chugh treats a wide range of complex neurological conditions, including brain aneurysms, vascular malformations, ischemic stroke, carotid artery disease, skull base tumors, acoustic neuromas, trigeminal neuralgia, spinal tumors, and degenerative spine disorders. As Director of Neurovascular Surgery at both the Center for Neurosciences and Tucson Medical Center, he leads multidisciplinary efforts to deliver cutting-edge neurosurgical care.

Dr. Chugh is also a respected academic contributor, having authored over 20 peer-reviewed publications, presented more than 20 research projects at national conferences, and co-authored a textbook chapter. His research includes innovations in surgical rehearsal technologies, spinal deformity assessments, and outcomes in degenerative cervical myelopathy. He is board-eligible with the American Board of Neurological Surgery and holds fellowship status with the American Association of Neurological Surgeons.

Patients can now consult with Dr. Chugh at the Center for Neurosciences, located at 2450 E River Rd, Tucson, AZ 85718. His arrival strengthens the center's position as a leader in neurological care and reinforces its mission to provide exceptional, patient-focused treatment supported by the latest surgical techniques and technologies.
