

Dr. Stanley G. Cooper, MD, Named One of America's Top Radiologists; Expands Dialysis Access Services in the Bronx

Renowned interventional radiologist brings cutting-edge minimally invasive dialysis access expert care to American Access Care Physician, PLLC in Bronx, NY

New York City, New York Jun 18, 2025 ([Issuewire.com](https://www.issuewire.com)) - Dr. Stanley G. Cooper, MD is a board-certified interventional and diagnostic radiologist with nearly four decades of experience and has been honored by the Consumers' Research Council of America as one of "America's Top Radiologists." Based at American Access Care Physician, PLLC in the Bronx, Dr. Cooper is celebrated for his specialized work in dialysis access management and his commitment to minimally invasive care.

With expertise in the maturation and maintenance of fistulas and grafts, and the placement and

maintenance of hemodialysis catheters, Dr. Cooper leverages advanced interventional radiology techniques to treat dysfunctional vascular accesses. His precision-based procedures reduce patient risk and downtime, improving outcomes for those undergoing hemodialysis.

Dr. Cooper earned his MD from Albert Einstein College of Medicine in 1984, completed his internship at Montefiore Medical Center in the Bronx, a diagnostic radiology residency at Norwalk Hospital, and a fellowship at Yale-New Haven Hospital. He holds board certifications from the American Board of Radiology in both interventional and diagnostic radiology and is a Fellow of the Society of Interventional Radiology (FSIR) and a Fellow of the American College of Radiology (FACR). His peers and patients alike commend his blend of technical skill and compassionate care.

Practicing at 3250 Westchester Avenue, Dr. Cooper serves the Bronx community with excellence. As part of American Access Care Physician, PLLC, he collaborates with a multidisciplinary team to deliver superior dialysis access procedures, consistently achieving a patient satisfaction rating of 4.4 out of 5. The multilingual capability of his office enhances access for diverse patients.

Dr. Cooper remains active in research and clinical advancement. He has co-authored peer-reviewed publications on a wide variety of hemodialysis access topics, with articles appearing in journals such as the *Journal of Vascular and Interventional Radiology (JVIR)*, the *American Journal of Radiology (AJR)* and *Radiology*. Additionally, he has authored book chapters, topic reviews and editorials, and continues to review manuscripts submitted for publication in *JVIR*. His ongoing affiliation with Azura Vascular Care highlights his engagement with the latest procedural technologies and protocols for vascular access.
