

Estate Planning – Protect Your Assets, Provide for Your Loved Ones

PRESTIGE

WILLS & TRUSTS

Glasgow, Scotland Jun 23, 2025 ([Issuewire.com](https://www.issuewire.com)) - At [Prestige Wills and Trusts](#), we believe that estate planning is about more than just distributing your assets — it's about ensuring your family's future is secure, your wishes are respected, and your legacy is preserved. Whether your estate is modest or complex, having a clear and legally sound estate plan in place gives you control, clarity, and peace of mind.

What Is Estate Planning?

Estate planning is the process of organising your financial affairs, personal wishes, and legal documents to ensure everything is managed and distributed according to your instructions after your death — or during your lifetime if you become unable to make decisions for yourself.

It typically includes:

- Writing a legally valid **Will**
- Creating **Trusts** to protect your assets
- Appointing **Powers of Attorney**
- Planning for **Inheritance Tax (IHT)**
- Protecting your **home and savings** from care fees
- Ensuring your **funeral wishes** are documented

At **Prestige Wills and Trusts**, we offer a full range of estate planning services to help you make confident and informed decisions.

Why Is Estate Planning Important?

Without a proper plan in place:

- Your estate may not go to the people you choose
- Loved ones may face delays, legal disputes, or tax issues
- Your family could lose out on valuable inheritance
- The court may make decisions on your behalf if you lose capacity
- Children or dependants may not be fully protected

A well-structured estate plan ensures that everything you've built is preserved and passed on according to your wishes.

What Does Estate Planning Involve?

Every family is different, which is why we offer tailored estate planning services. These may include:

Will Writing

Ensure your assets are distributed properly and your wishes are clear.

Trusts

Set up protective structures to manage or control how your estate is used, especially for young or vulnerable beneficiaries.

Lasting Powers of Attorney

Appoint someone you trust to make decisions about your finances and health if you lose mental capacity.

Inheritance Tax Planning

Use allowances and exemptions to legally reduce the amount of tax your estate may have to pay.

Funeral and Care Planning

Record your wishes to reduce the emotional burden on your loved ones during difficult times.

Why Choose Prestige Wills and Trusts Ltd?
