

FOAID 2025: The Future of Design Comes Alive in New Delhi and Mumbai

India's leading design festival returns with two dynamic editions in New Delhi and Mumbai, spotlighting 15,000+ professionals, 300+ brands, and a bold agenda around sustainability, innovation, and the future of design.

Mumbai, Maharashtra Jun 16, 2025 ([Issuewire.com](https://www.issuewire.com)) - India's most influential design festival returns with a bold vision and bigger impact

The Festival of Architecture & Interior Designing (FOAID) is set to make an extraordinary return in 2025 with two power-packed editions — **New Delhi on November 21–22 at NSIC Grounds, Okhla**, and **Mumbai on December 19–20 at Jio World Convention Centre, BKC**.

Now in its **13th year**, [FOAID](https://www.issuewire.com) has become one of Asia's most significant platforms celebrating innovation in architecture, interior design, and allied creative industries. With a theme centered around **"Designing Tomorrow: Culture | Craft | Climate"**, FOAID 2025 will unite over **15,000+ design**

professionals, 300+ brands, and 100+ speakers across both cities.

This year's editions will spotlight global conversations around sustainable design, technological innovation, adaptive reuse, and vernacular intelligence, through a compelling mix of **keynote sessions, debates, masterclasses, exhibitions, awards, and design showcases**. The festival continues to provide unmatched opportunities for architects, designers, brands, and students to **connect, collaborate, and co-create**.

A major highlight this year is the **VOX Architecture Ideas competition**, an open call to the country's most imaginative design minds. Focused on the theme "*Ceilings as a Design Statement*", VOX offers [architects](#) and interior designers the chance to push the boundaries of materiality, storytelling, and spatial experience — with a **Mercedes-Benz** as the grand prize. The competition has already sparked nationwide interest, spotlighting the next wave of visionary talent.

FOAID 2025 will also feature the return of marquee platforms like:

- **Design Manthan** – High-impact dialogues with India's leading architects
- **Build India Vision Summit** – Infrastructure meets innovation
- **Expressions** – The country's largest student design competition
- **Design Arena** – India's most diverse design exhibition

Speaking about the upcoming editions, **Mr. Viraj Shetty**, Founder & Director of FOAID, says: *"FOAID 2025 is not just a festival — it's a movement. As we face complex environmental and urban challenges, design must lead with responsibility and imagination. This year, we are creating more space for cross-disciplinary thinking, youth innovation, and global partnerships."*

Stay tuned as FOAID 2025 unveils its dynamic lineup of speakers, installations, and collaborations that will redefine how we imagine the built environment.
