

Francesca Zoppi: Advancing Global Sustainability Through Strategic Leadership and Creative Innovation

UN Advisor and Founder of FZ Global Legacy LLC | Bridging Sustainable Action and Global Impact

New York City, New York Jun 11, 2025 ([IssueWire.com](https://www.issuewire.com)) - Francesca Zoppi, a distinguished strategic advisor in sustainable development and international cooperation, is a recognized leader in shaping transformative global agendas. With over 16 years of experience in policy, advocacy, and partnership-building—including key roles at the United Nations Industrial Development Organization (UNIDO), FAO, UNFPA, UN DESA, UN Women, and others—Zoppi has been at the forefront of initiatives spanning climate action, sustainable finance, industrial development, food systems, and gender equality.

In 2024, Zoppi launched FZ Global Legacy LLC, a purpose-driven consultancy committed to turning global sustainability goals into measurable, real-world results. Through her firm, she supports a diverse portfolio of clients—including governments, international organizations, private sector actors, foundations, and leaders in the creative and cultural industries—on strategies to drive systemic change and foster inclusive, resilient futures.

Her expertise covers strategic partnerships, sustainable investment, and policy innovation across sectors ranging from agrifood systems and climate finance to sustainable fashion and circular economy solutions. Zoppi is particularly known for building innovative coalitions that connect global policy frameworks with business leadership, local voices, and creative influence.

“We are entering a decisive decade where ambition must be backed by action,” says Zoppi. “My mission is to build bridges—across institutions, sectors, and cultures—to co-create legacies that are inclusive, sustainable, and future-ready.”

Zoppi continues to advise the UN system and other businesses at senior levels, contributing to high-level processes such as the UN General Assembly. She is also a frequent speaker and moderator at global forums focused on sustainable development.
