👤 - Aida R.

"I walked in, full of pain, not knowing what to do. Dr. Lilit took me immediately, even though I was a new patient," says Aida R., a patient at the clinic and local artist. "She treated the infection quickly, communicated everything clearly, and gave me hope again. She saved not just my tooth, she gave me my life back."

This type of real-world impact is repeated in dozens of reviews. Patients often mention how fast the staff responds to their calls, how well they communicate the process, and how comforting it is to be part of their care when there is a dental emergency, or someone has avoided caring for their teeth.

👤 - Jonathan M.

"The best experience I have ever had with a dentist. From bedside manners at your routine cleaning to the urgency to get you scheduled in. They treat you like family. I never thought I would say this but I look forward to scheduled appointments now!" - Jonathan M.
