

Imagen Network (IMAGE) Set for MEXC Listing as Platform Scales SocialFi Reach

MEXC Confirms IMAGE/USDT Pairing, Empowering a New Era of Decentralized Networking

Seattle, Washington Jun 10, 2025 ([IssueWire.com](https://www.issuewire.com)) - [Imagen Network](https://www.imagen.network) has announced its official listing on MEXC, with the \$IMAGE/USDT trading pair going live on June 11, 2025, at 11:00 UTC. This milestone marks a major step forward in the project's mission to decentralize social interactions and empower personalized connectivity through AI.

The listing follows Imagen Network's recent strides in launching AI-powered social logic, feed customization tools, and transparent content controls, creating a smarter, user-centric Web3 environment. With MEXC's global user base, Imagen's unique community-first infrastructure is now accessible to a broader audience across markets and chains.

The \$IMAGE token comes with a 2-year vesting structure and will support the network's decentralized governance, feed personalization algorithms, and creator rewards. An ongoing Airdrop+ campaign will distribute 100,000 USDT worth of \$IMAGE to eligible participants via MEXC.

About Imagen Network

Imagen Network is the world's first decentralized social networking platform powered by intelligent AI. It combines transparency, scalability, and personalization to enable next-gen Web3 communities to thrive across chains.
