Noida, Uttar Pradesh Jul 6, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Indian Rapper-Comedian Joss Collen Drops Viral Comedy Anthem ‘Drama in Aisle Five’

Joss Collen, also known as Shivam, is gaining attention across India’s indie music scene with his new release “Drama in Aisle Five” — a comedic, chill anthem about the awkward, hilarious chaos of everyday life.

A rapper, singer, content creator, and gamer, Joss brings a fresh sound that combines relatable storytelling with bouncy, vibe-filled beats. His new track dives into moments like dropping chai, failing pickup lines, and going viral for all the wrong reasons — all delivered with charisma and fun energy.

This song is for the people who keep vibin’ even after life says ‘nah’ — cause real legends laugh through the mess.

Blending comedy and rap, Joss is building a unique genre of his own, influenced by artists like NF, BB Ki Vines, and his love for Free Fire culture. His work speaks to India’s digital generation — especially teens and young adults navigating emotions, friendships, and social life online.

Currently working on two independent music projects — an emotional rap album and a comedy album—he’s aiming to make an impact not just as a musician, but as a full-blown creator.
