

Infinity Globus Joins Aprio PS+ as Strategic Partner to Expand Outsourced Accounting Services

Strategic alliance empowers CPA's and accounting firms to build global capability centers and deliver enhanced value through flexible and sustainable accounting and tax outsourcing services.

Tomball, Texas Jun 19, 2025 ([Issuewire.com](https://www.issuewire.com)) - Infinity Globus, an established provider of [Outsourced Accounting Services](#) and **Outsourced Tax Preparation Services** has announced a strategic collaboration with Aprio's PS+ Solutions Center.

This collaboration marks a significant milestone in enabling accounting firms to go beyond short-term staffing solutions and take steps toward building their own **Global Capability Center (GCC)** as part of a long-term, sustainable offshoring strategy.

Accounting firms today face increasing pressure from talent shortages, evolving client expectations, and unpredictable workloads. Both Infinity Globus and Aprio PS+ recognize that firm owners require more than short-term relief. They need a sustainable path to scale, one that allows them to build and manage their own Global Capability Centers and remain focused on strategic, high-value services.

Infinity Globus will extend its robust portfolio of [Outsourced Tax Preparation Services](#) and accounting services to a wider network of firms, while reinforcing its core philosophy of enabling growth through efficiency, accuracy, and global reach.

This exclusive alliance positions Infinity Globus within Aprio's premier ecosystem of trusted outsourced service providers, offering accounting firms access to scalable solutions in staffing, technology

integration, and workflow optimization. The partnership reflects both organizations' shared commitment to innovation, excellence, and addressing the evolving needs of modern accounting firm.

"As firms are looking to expand operations in the search for talent and capacity, Infinity Globus can bring solutions to your challenges," said Steven Kampa, Partner - Tax Leader, Professional Services+.

Infinity Globus brings a deep understanding of U.S. compliance, GAAP standards, and CPA firm operations. Through this alliance, they will deliver scalable talent solutions that help firms grow at their own pace while maintaining service quality and client satisfaction. This approach enables firms to become more agile, responsive, and efficient in delivering their core offerings.

"Our alliance with Aprio PS+ represents a natural extension of our commitment to helping accounting firms scale efficiently through outsourced accounting services," said [Vivek Shah](#), Founder and Managing Director, Infinity Globus.

Key Benefits for PS+ Accounting Firms:

- **Flexible, On-Demand Talent:** Instantly expand your team with offshore tax and accounting professionals.
- **Build a Long-Term Offshore Strategy:** Develop a Global Capability Center that supports sustainable growth and operational resilience.
- **More Focus on Value-Driven Work:** Delegate time-consuming tasks allowing staff to concentrate on advisory, planning, and relationship management.
- **Eliminate HR administrative burden:** Get rid off the time and cost of hiring, onboarding, and retention.
- **Scalable Resourcing:** Easy adjustment of staffing levels based on client needs, seasonal cycles, or unexpected workload changes.

These benefits empower **CPA and accounting firms** to redirect focus from operational bottlenecks to value-driven client advisory and long-term business strategy. In today's competitive environment, firms that can deliver more for less without compromising quality are the ones poised for sustainable growth.

By tapping into a proven offshore talent pool, firms can navigate peak seasons, tackle niche accounting tasks, and improve service consistency, all without increasing in-house overhead.
