

KTC Expands Premium Fleet with the Addition of Mercedes Sprinter and BYD EV Luxury Vehicles

Gurgaon, Haryana Jun 20, 2025 ([IssueWire.com](https://www.issuewire.com)) - KTC India, a leading name in premium ground transportation, proudly announces the expansion of its elite vehicle convoy with the addition of the **Mercedes-Benz Sprinter** and the all-electric **BYD EV**. These new vehicles reflect KTC's unwavering commitment to innovation, sustainability, and delivering unmatched luxury travel experiences.

Known for catering to dignitaries, corporates, and global travelers, KTC's fleet is now further strengthened with the inclusion of these two advanced models — the **Mercedes Sprinter**, designed for executive group travel, and the **BYD EV**, a cutting-edge, eco-friendly luxury vehicle offering sustainable elegance for modern travel needs.

Highlights of the New Additions:

Mercedes-Benz Sprinter:

- Premium interiors with spacious seating arrangements
- Ideal for corporate roadshows, group tours, and diplomatic movements
- State-of-the-art safety and infotainment systems

BYD EV (Electric Vehicle):

- 100% electric, zero-emission luxury travel
- Smart design and silent performance
- Perfect for eco-conscious clients without compromising on style and comfort

“These new additions reflect our dual focus — providing uncompromised luxury and embracing future-ready, sustainable transport solutions,” said **Mr. Gurmeet Singh**, Managing Director, KTC India. “As the demands of elite travelers evolve, KTC is proud to lead the way in offering a fleet that is both world-class and environmentally conscious.”

The expanded fleet is available for luxury travel experiences across India, including airport transfers, business delegations, diplomatic movements, and high-end tourism.
