

Legacy For Women Moves to New, Larger Office in Henderson to Serve Growing Community

Legacy For Women, a Hera Women's Health Center of Excellence, will begin seeing patients in a new, expanded Henderson office, improving access, space, and care.

Legacy For Women is moving to a new space and will be seeing patients in our new, expanded space at **870 Seven Hills Dr. Suite 103.**

NEW SPACE. SAME COMMITMENT TO YOU.

New Location

870 Seven Hills Dr., Suite 103
Henderson, NV 89052

Henderson, Nevada Jun 17, 2025 ([Issuewire.com](https://www.issuewire.com)) - [Legacy For Women](https://www.issuewire.com), a Hera Women's Health Center of Excellence, is proud to announce a significant milestone: the relocation to a new, expanded office in Henderson, Nevada. Located at 870 Seven Hills Dr., Suite 103—just steps from its previous location—this move symbolizes Legacy For Women's ongoing commitment to providing personalized,

high-quality healthcare in a patient-centered setting. With this expansion, the practice continues its mission of delivering comprehensive gynecological, obstetric, and surgical care tailored to the diverse needs of women throughout Henderson and the greater Las Vegas area.

Following the merger of Legacy Women's Health and For Women OB/GYN earlier this year, Legacy For Women has experienced continued growth. With more women choosing Legacy For Women [ObGyn in Henderson](#) for their care, the demand for a facility that offers increased space and enhanced comfort became essential. The prior office, while centrally located, could no longer fully support the expanding needs of the community or the combined capabilities of its expert providers.

"As we continue to grow, our focus remains on providing exceptional, compassionate care to women across Henderson," said Jody Hogan, practice manager of Legacy For Women. "This new space is more than a physical upgrade—it's an investment in the patient experience. Legacy For Women has a strong history of trust and excellence, and this move supports our ability to serve even more women with the quality and dignity they deserve."

The new office offers a thoughtfully designed, modern environment that enhances comfort, privacy, and access. With more spacious exam rooms, a larger clinical footprint, and improved amenities, patients will continue to receive the trusted care they've come to expect. Services will include comprehensive gynecology, obstetrics, midwifery, and minimally invasive surgeries—now in a more efficient and welcoming setting. The relocation also ensures a seamless transition with no disruption to ongoing treatment plans or patient records.

By expanding within the Seven Hills Medical Center complex, Legacy For Women strengthens its commitment to the Henderson community. This move not only supports current patients but also positions the practice to accommodate future growth. The enhanced environment reflects a broader trend in women's healthcare toward combining clinical excellence with patient-centric design—one that Legacy For Women is proud to lead.

To schedule a visit or learn more about services at the new office, call (725) 777-0414 or visit legacyforwomenobgyn.com. Legacy For Women invites the community to experience the same trusted care—now in a space designed with their comfort and needs in mind.

About Legacy For Women:

Legacy For Women is a premier women's healthcare provider in Henderson, Nevada. Formed by the 2025 merger of Legacy Women's Health and For Women OB/GYN, the practice brings together a seasoned team of board-certified physicians, nurse practitioners, and certified midwives. Offering comprehensive care across obstetrics, gynecology, and minimally invasive surgery, Legacy For Women prioritizes individualized treatment and lifelong wellness. As part of the Hera Women's Health network, Legacy For Women is dedicated to empowering women through evidence-based care in a compassionate and inclusive environment.

About Hera Women's Health

Hera Women's Health is a national collaborative of leading women's health practices dedicated to providing advanced, personalized care for women at every stage of life. The company sets the standard for data-driven, outcome-oriented care and supports the growth and performance of women's health practices across the country. Hera is focused on driving value by facilitating collaboration between Obstetrics and [Maternal Fetal Medicine](#) ("MFM") providers and administrators through proprietary evidence-based protocols, technology, and biomedicine. The company is committed to developing and

enhancing evidence-based clinical protocols, collaborating with partners across the healthcare ecosystem, expanding access to care into maternal deserts, and improving healthcare outcomes.
