

Meet Stewart W. Comer, MD, MA, FCAP: Senior Director of Clinical Pathology at Illumina, Inc.

Advancing Precision Medicine Through Innovation in Genomic Diagnostics

New York City, New York Jun 24, 2025 ([Issuewire.com](https://www.issuewire.com)) - Stewart W. Comer, MA, MD, FACP, a distinguished authority in pathology and genomic diagnostics, has taken on the role of Senior Director of Clinical Pathology at Illumina, Inc. Since his appointment in early 2022, Dr. Comer has utilized his extensive expertise in molecular pathology to bolster Illumina's mission of delivering high-quality

laboratory diagnostic services that cater to critical areas of healthcare, including infectious diseases, oncology, and prenatal genomic applications. His leadership is pivotal in the ongoing pursuit of improved patient care through innovative diagnostic solutions.

Dr. Comer began his medical journey at the University of California, San Diego School of Medicine, where he earned his Medical Degree. He completed his internship and residency at the Naval Medical Center San Diego, followed by an esteemed fellowship in molecular genetic pathology at Memorial Sloan Kettering Cancer Center. To complement his clinical training, he also holds a Master of Arts in Business Management from the Peter F. Drucker School of Management at Claremont Graduate University, giving him a distinctive edge in both clinical expertise and management acumen.

Before his impactful role at Illumina, Dr. Comer accumulated over a decade of experience in pathology and laboratory medicine. His professional trajectory includes significant positions at Mission Pathology Consultants, Inc., and leadership roles at Goleta Valley Cottage Hospital and Santa Barbara Cottage Hospital. His contributions have been instrumental in enhancing diagnostic services and optimizing laboratory operations, thereby elevating healthcare standards in the region.

Dr. Comer is board-certified in anatomic and clinical pathology by the American Board of Pathology and is a Fellow of the College of American Pathologists. He is actively involved in prominent professional organizations, including the Association for Molecular Pathology and the American Statistical Association. His role at Illumina is poised to significantly expand the capabilities of genetic and genomic testing, which is essential for driving advancements in patient outcomes and therapeutic options.

With a clear vision for the future of clinical pathology, Dr. Comer's leadership and expertise are crucial in navigating the rapidly evolving landscape of healthcare. His commitment to excellence in diagnostic services reflects Illumina's dedication to improving patient care and fostering innovative solutions in genomic diagnostics.
