Fremont, California Jun 5, 2025 ([IssueWire.com](https://www.issuewire.com)) - With a current reach of over 10,000 patients, My Care Labs provides both individual and facility-based testing solutions—serving nursing homes, senior care centers, hospitals, and more with on-site blood collection, 24–48 hour turnaround, and expert clinical support. Our goal is simple: to make lab testing easier, faster, and more patient-centered. With a strong focus on speed, safety, and flexibility, we consistently deliver timely results while maintaining full CLIA certification and HIPAA compliance.

Industries We Serve:

- Assisted Living Facilities
- Skilled Nursing Homes
- Urgent Care Clinics
- Physician Offices & Hospitals
- Home Health & Hospice Providers
- Reference Labs & Rehab Center

By offering customizable scheduling, mobile sample collection, and fast turnaround times, My Care Labs supports both [direct patients](#) and [B2B healthcare partners](#) looking to streamline their diagnostic operations.

What Sets My Care Labs Apart?

- Fastest growing lab to offer Mobile Phlebotomy across the Bay Area
- On-call doctors available
- 24–48 Hr. lab result turnaround
- CLIA-certified, HIPAA-compliant lab
- Accepts major insurances for patient ease
- Walk-in testing is available at the Fremont lab location

With a commitment to speed, care quality, and accessibility, My Care Labs helps patients avoid the hassle of traditional labs while supporting overburdened healthcare centers with mobile diagnostics and B2B lab partnerships.

Diagnostic Testing We Offer

We support a wide range of tests, including:

- Complete Blood Count (CBC), Lipid Panels, CMP
- COVID-19, RSV & FLU A/B Combo Test
- Thyroid Function (TSH, T3, T4)
- Liver & Kidney Panels
- Diabetes Monitoring (HbA1c, Glucose)
- Vitamin Deficiency Testing
- Urinalysis & More
- Drug & Toxicology Screening

- Custom Panels for Corporate, Travel & Immigration

Now Testing for the New COVID-19 Variant: NB.1.8.1

In response to the growing spread of the NB.1.8.1 COVID-19 variant, My Care Labs now offers comprehensive PCR Combo Testing that detects the latest strains of COVID-19, along with RSV and Influenza A & B, all in a single & efficient panel.

Our mobile phlebotomy team provides convenient, on-site sample collection at homes, healthcare facilities, and workplaces, with lab-certified results delivered within 24–48 hours. Fully CLIA-certified and HIPAA-compliant, our testing services support both individuals and care providers with reliable, accurate diagnostics when they matter most. **For COVID testing, patients can walk in without an appointment and receive same-day or 24-hour results, making it faster and easier to get the answers you need.**

Launching UTI Testing Services – June 15

We're excited to announce the launch of our new UTI (Urinary Tract Infection) testing services, starting June 15. This service is designed to provide fast, accurate diagnosis using cutting-edge diagnostic equipment for precise results. As always, our team ensures full CLIA certification and HIPAA compliance, with convenient sample collection and quick turnaround times you can trust.

Walk-In Testing Now Available in Fremont

In addition to mobile services, patients can now come directly to the Fremont lab, pay on-site, and get tested. No appointments required, or you have the option to [schedule your appointment on our website](#).
