

Nirvag Reveals Its Vision for the Future of Health & Wellness Innovation

Noida, Uttar Pradesh Jun 17, 2025 ([Issuewire.com](https://www.issuewire.com)) - Nirvag, the emerging leader in the health and wellness space, today announces its official launch, with the mission of revolutionizing where technology and individual well-being meet. As the corporate umbrella of Altipace, the innovative wearable brand celebrated for its sophisticated smart rings, fitness bands, and hydrogen health bottles, Nirvag introduces a comprehensive, science-driven perspective to contemporary health.

With a strong emphasis on innovation, ease of access, and sustainability, Nirvag is creating a strong ecosystem of products and services that enable people to gain control over their physical and mental health. The company's flagship brand, Altipace, is already at the forefront with intelligent wearables that monitor vital signs, sleep quality, and fitness performance in real-time.

“At Nirvag, our mission is to make wellness intuitive, tech-driven, and truly personal,” said Arpit Mishra, Founder of Nirvag. “We’re not just creating products — we’re creating experiences that help people live better every day.”

Nirvag's core focus areas include:

Smart Wearables: Through Altipace, the company offers rings and bands equipped with advanced biometric sensors.

Hydrogen Wellness: Introducing portable hydrogen-rich water solutions to enhance recovery and energy.

Digital Wellness Platform (Launch soon): A single app for blending device data, coaching, and AI-based insights.

Nirvag is dedicated to worldwide sustainability practices, using environmentally friendly materials and sustainable manufacturing in all its products.

About Nirvag

Nirvag is a future-oriented wellness tech firm based in Noida, India. Established in 2025, it is the parent organization of Altipace, a company that specializes in intelligent health wearables. The goal of Nirvag is to connect science, nature, and innovation to advance living on Earth.
