

Nitan Chai Leads a New Era of Instant Chai Machines for North American Businesses

With sleek, high-performance chai vending machines, Nitán Chai helps businesses across North America serve authentic Chai quickly, consistently, and effortlessly.

Toronto, Ontario Jun 12, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Nitán Chai, a trusted leader in authentic tea innovation, is redefining how North America experiences chai through its premium vending machines and instant chai blends. With a focus on both flavour and function, Nitán Chai machines are designed for restaurants, corporate offices, cafés, and other high-traffic venues—delivering bold, consistent chai with speed and ease.

Nitan Chai empowers businesses to offer café-quality chai without compromising on taste, consistency, or convenience. Available in 2-flavour, 3-flavour, and 4-flavour models, these machines support a wide variety of beloved South Asian-inspired chai blends, including Masala, Karak, Cardamom, and Kashmiri. Each cup is perfectly brewed within seconds, ensuring a satisfying experience for customers and staff alike.

Built for modern demands, the machines dispense up to 6 cups per minute and are crafted with sleek, compact designs that minimize maintenance and maximize efficiency, making them ideal for both front- and back-of-house use.

“Our goal is simple — refreshing your day with authentic taste,” says the founder of Nitán Chai. “We’re proud to bring the traditional chai experience into contemporary spaces, without sacrificing the quality that makes it special.”
