Al Qusais, Dubai Jul 6, 2025 ([Issuewire.com](https://www.issuewire.com)) - OxyMed, a premier supplier of advanced medical and laboratory solutions, is thrilled to announce the official launch of its new brand identity and expanded product range, marking a significant milestone in its mission to serve as **"Your Healthcare Partner."**

As a trusted leader in healthcare supply chains across India and the UAE, OxyMed is committed to delivering top-tier medical devices, high-purity gases, laboratory reagents, and healthcare IT solutions. This rebranding follows a period of rapid growth, underscored by OxyMed's dedication to integrity, excellence, and social responsibility. oxymedz.com

Key Highlights:

- A strengthened foothold in medical and laboratory supply, providing **expeditious delivery and premium-quality products** through a global network of reputable manufacturers.
- Reinforced mission to ensure **seamless purchasing experiences**, backed by professional service and robust supply-chain systems across warehouses globally.

- Remains focused on innovation in **healthcare IT, calibration services**, and delivery of high-purity medical gases and separation systems. oxymedz.com

Suhas Shubhakaran, Co-Founder & Director of OxyMed, says:

“Our vision is to be the front-runner in delivering superior quality products and services vital to healthcare, at prices that empower both providers and patients.” oxymedz.com

With this launch, OxyMed formally invites healthcare organizations, laboratories, clinics, and customers to explore its broadened portfolio—from **portable oxygen concentrators and CPAP devices** to essential **lab reagents and IT solutions**—all under the ethos of “Your Healthcare Partner.”

About OxyMed

Founded by seasoned healthcare professionals, OxyMed stands for quality, reliability, and social responsibility. Driven by a vision to support physical and mental wellbeing, the company continues to innovate and deliver across multiple verticals in the healthcare ecosystem.
