

PCB You Enhances PCB Expertise with One-Stop Solutions: From Controlled-Impedance Boards to Injection Molding

Beyond the Board: PCB You Elevates Product Development with Integrated PCB and Injection Molding Capabilities.

Oregon City, Oregon Jul 1, 2025 ([IssueWire.com](https://www.issuewire.com)) - PCB You, an ISO 9001-certified [PCB manufacturer](#) based in Clackamas, Oregon, today announced its continued expansion of turnkey PCB fabrication and assembly capabilities, offering fast turnaround across advanced PCB types—from quick-turn multilayer and RF boards to injection molding and conformal coating.

With over 15 years of experience, PCB You combines rigorous quality controls such as AOI, ICT, X-ray and compliance with ISO 9001, UL, RoHS 3, and REACH standards to deliver reliable circuit boards to industries spanning automotive, aerospace, IoT, and consumer electronics. Its centrally located U.S. facility provides prototypes in as fast as 3 days and volume runs up to 20-day lead times.

Our holistic turnkey offering from design validation to sourcing, assembly, and testing reduces complexity for OEMs and startups, stated Jim Svatos, founder of PCB You. “We provide value through supply-chain optimization, component kitting, and rigorous inspections, all without hidden fees or tooling charges.

PCB You’s new service tiers include:

- **[Turnkey PCB Assembly](#):** Comprehensive management from BOM auditing to component sourcing, SMT & thru-hole placement, AOI, ICT, X-ray, and functional testing
- **Advanced PCB Fabrication:** Quick-turn rigid, flex, metal core, high-TG, RF boards (including Rogers, PTFE, Taconic) with tight tolerances for controlled impedance, micro-vias, and heavy copper
- **Value-added Services:** Conformal coating, injection & die-casting mold support, and consignment assembly options

Endorsed by customers in demanding sectors such as nuclear, medical, and industrial automation, PCB You has earned praise for its product quality, consistent on-time delivery, and hands-on customer service.

To celebrate its unwavering customer focus, PCB You is offering **25% off first-time orders** using promo code U25 through July 31, 2025.

About PCB You

Founded in 2021 and headquartered in Clackamas, Oregon, PCB You is a trusted PCB provider for prototyping to high-volume needs. The company adheres to globally recognized certifications (ISO 9001, UL, RoHS 3, REACH) and serves diverse industries requiring precision and reliability from consumer gadgets to IoT infrastructure and industrial equipment.
