

Prestigious Travel Club Launches Foundation Branding to Expand Community Relief Programs

Kissimmee, Florida Jun 25, 2025 ([IssueWire.com](https://www.issuewire.com)) - **Al Davis**, CEO of Prestigious Travel Club, proudly announces the official launch of the **Prestigious Travel Club Foundation**, a nonprofit initiative created to broaden the company's mission of helping families in need — including underprivileged, veteran, and homeless communities — gain access to safe housing, healthy food, and affordable travel experiences.

The Foundation marks a new chapter in the company's legacy of service, extending far beyond vacation offerings. Through a growing network of donors, volunteers, and sponsors, the Prestigious Travel Club Foundation is now positioned to:

- Provide hotel relief stays for displaced families
- Deliver groceries and meals to struggling households
- Support military veterans with housing and transportation
- Offer travel scholarships to youth and families

- Host financial literacy and credit education workshops
- Aid seniors and disabled individuals with relocation support
- Fund emergency housing in crisis situations
- Collaborate with other nonprofits for maximum community impact

“This isn’t about vacations — this is about hope. The same team that assists individuals with navigating out of complicated property arrangements that were once appealing but are now unsustainable is now helping families escape poverty, displacement, and hunger,” said Al Davis. “We’re deeply proud of the work being done.”

In many cases, the Foundation also addresses lingering lifestyle agreements that no longer reflect someone’s stage in life — helping families regain control of their finances and start fresh.

In addition to its own programs, the Foundation proudly donates monthly to **St. Jude Children’s Research Hospital**, **Children’s Miracle Network**, and **Feeding America**, helping to fund pediatric care, medical research, and food security for families across the country.

The Foundation is also supported by major corporate partners, including **Amazon**, **Google**, **Microsoft**, **Salesforce**, **American Express**, **SIXT Rental Car**, and **Adobe**.
