

Relcko Recognized at Global Business Leaders Summit for Blockchain Innovation in UAE Property Market

Sheridan, Wyoming Jul 6, 2025 ([IssueWire.com](https://www.issuewire.com)) - A remarkable acknowledgement of innovation in the real estate industry, leading from the front is Relcko Labs, which was honoured at the Global Business Leaders Summit (GBLS) 2025 for its commendable blockchain integration in the country's real estate sector. The accolade was presented by the hands of Mr Surash Ajit Veergouda on behalf of Dr Satish Kumar Seen, the man who has been the soul behind Relcko's game-changing innovations.

A Historic Moment for Blockchain and Real Estate

Held in Dubai, the Global Business Leaders Summit united business leaders, policymakers and industry disruptors to honour the best in business and technology. The innovative solution has been acknowledged as the driving force behind a paradigm shift that is overhauling the property transaction industry through blockchain technology for improved transparency, security and efficiency in the UAE's burgeoning real estate sector.

Through using smart contracts, tokenisation, and a decentralised ledger, Relcko has simplified the property deal process, minimised fraud risks, and opened up real estate investments to a world of investors. The move is in perfect harmony with Dubai's 2025 Blockchain Strategy, which sets out to position the emirate as a global leader in blockchain technology implementation by sector.

Mr. Surash Ajit Veergouda Accepts the Honour

Mr Surash was at the summit on behalf of Relcko at the summit. "We are grateful and thrilled to receive the award. Our team is simply amazing and will continue to lead the way in bringing blockchain applications to the real estate market." Surash Ajit Veergouda

"This award is a recognition of Relcko's commitment to revolutionising the real estate industry with the latest in blockchain technology. "We have broken new ground with our secure, efficient and transparent property transaction under Dr Satish Kumar Seen's leadership, we've made a paradigm shift," Mr Veergouda said.

Dr Satish Kumar Seen: Visionary Leader has been a pleasure for me and an honour for all of us to enjoy your leadership.

The man behind Relcko, Dr. Satish Kumar Seen, has played a pivotal role in establishing the company as a pacesetter in immutable blockchain real estate innovations. Here is how Relcko has used Swax to bridge between old-school real estate and the latest fintech and property technologies.

"Blockchain isn't just a technology; it is a revolution in how we transact, manage, and trust in real estate." This grant encourages us to go on and make more impact at the international level," said Dr. Seen.

Fate of Blockchain in the UAE Property Market

As Dubai continues to fast-track its smart city efforts, Relcko's blockchain solutions are set to be even more instrumental in defining the real estate of tomorrow. The company is also planning to launch AI-based property valuation and NFT-based deeds alongside cross-border blockchain transactions to improve market efficiency.

Being recognised in GBLS 2025 further affirms Relcko's leading role in the industry and the leadership

of UAE amongst the global centres of blockchain innovation.”

About Relcko

Relcko is a leading Blockchain platform dealing in real estate and focusing on secure, transparent and efficient real estate transactions. Based in the UAE, the company is leading the charge for the dynamic use of decentralised technologies within real estate.

About the Global Business Leaders Summit (GBLS) 2045
