

Tapymaax India Limited Embarks on Bold Multi-Sector Expansion to Drive Innovation and Inclusive Growth

Tapymaax India Limited is excited to unveil a wide-ranging portfolio of new projects across some of India's most dynamic and fast-growing industries.

Madurai, Tamil Nadu Jun 25, 2025 ([IssueWire.com](https://www.issuewire.com)) - We have successfully relocated our head office from Trichy to Madurai to better serve our operational and strategic needs.

Tapymaax India Limited is set to issue project-based redeemable preference shares as part of its strategic funding initiative.

The issue price of each share has been set at ₹100.

Tapymaax India Limited Embarks on Bold Multi-Sector Expansion to Drive Innovation and Inclusive Growth

Tapymaax India Limited is excited to unveil a wide-ranging portfolio of new projects across some of India's most dynamic and fast-growing industries. This strategic expansion covers:

- **Healthcare**
- **Hospitality**
- **Finance**
- **Technology**
- **Consumer Goods**
- **Education**

This multi-sector growth strategy reflects our mission to deliver accessible, innovative, and high-impact solutions that create real value for communities, customers, and stakeholders. All projects are backed by redeemable preference shares priced at ₹100 each.

Highlights of the New Ventures:

- **Healthcare**
Launching a network of multi-specialty clinics, diagnostics, wellness hubs, and telemedicine services to offer affordable, high-quality care—especially in urban and semi-urban areas. Digital health and preventive care are core pillars of this initiative.
- **Coffeehouse & Dining**
Rolling out a new chain of coffeehouses and restaurants serving artisan meals and gourmet coffee in warm, community-focused settings. Expect live music nights, art events, and easy digital booking. The model is fully scalable through franchising.
- **Motels for Budget Travel**
Introducing clean, comfortable, and eco-conscious motels located near major highways and transit hubs. These motels will feature 24/7 services and smart check-in systems—helping address the rising need for reliable budget accommodation.
- **Fincorp Financial Services**
Delivering microloans, SME financing, insurance, and savings products through mobile-friendly platforms. Using AI for credit evaluation, the project promotes financial inclusion and supports entrepreneurs in underserved regions.

- **Luxury Resorts & Clubhouses**

Launching eco-luxury resorts and exclusive clubhouses featuring wellness spas, fine dining, fitness zones, and member-only amenities. Designed for families, corporate retreats, and high-end tourism.

- **Blockchain Initiative**

Building blockchain-based solutions for DeFi, smart contracts, supply chain tracking, and digital ID systems. Built on Ethereum and Polygon, this project brings secure, scalable technology to industries seeking transparency and efficiency.

- **Cosmetic Manufacturing**

Setting up a GMP-certified facility to produce skincare, personal care, and color cosmetics using eco-friendly, ethically sourced ingredients. It also enables private labeling and supports exports.

- **Real Estate & Construction**

Developing smart, sustainable residential, commercial, and mixed-use properties with modern amenities. These projects aim to support India's growing urban housing and infrastructure needs.

- **E-Commerce Platform**

Launching an online platform offering a wide range of products, seamless user experience, secure transactions, and full support for third-party sellers to manage inventory and marketing.

- **Education & Skills**

Establishing schools, digital learning platforms, vocational programs, and research centers. Tapymaax is committed to bridging education gaps and enabling lifelong learning, particularly for underserved communities.

- **Protein Bar & Wellness Products**

Entering the healthy snack space with clean, vegan, and gluten-free high-protein bars. Designed for convenience, the bars feature eco-conscious packaging and will be available through multiple retail and online channels.

Through these ventures, Tapymaax India Limited is reinforcing its commitment to innovation, inclusivity, and sustainable development while helping shape a stronger, healthier, and more connected India.
