

## This New Course Reveals What Every Current, New and Future Nonprofit Leader Needs to Know

The Angela Denise Foundation, in proud collaboration with Forston Consultants, is excited to announce the launch of a transformative new course designed to empower aspiring nonprofit founders with essential knowledge and clarity.

**Orlando, Florida Jun 21, 2025 ([Issuewire.com](https://www.issuewire.com))** - Spearheaded by **Shonyasha Forston**, this course equips participants with a comprehensive understanding of what it truly means to enter the nonprofit sector.

As the founder and president of the **Angela Denise Foundation** and a respected consultant through Forston Consultants, Shonyasha Forston brings years of real-world experience, strategic insight, and passionate advocacy to this initiative.

Her new course, “[Know Before You Go: Nonprofit Foundations 101](#),” addresses one of the most critical yet overlooked areas for mission-driven leaders — understanding the full scope of what launching and sustaining a nonprofit truly entails.

*“If I had a course like this when I was still planning to launch ADF, I would’ve done a lot of things right from the beginning,”* said Forston. *“Now that I’ve learned a lot since that, this is now about helping new and future founders make an informed, empowered decision about whether a nonprofit structure is the right fit for their vision and values... before they invest time, energy, and resources.”*

The [Know Before You Go](#) course has 6 core modules and 2 bonus lessons which covers:

- Legal and operational essentials
- Strategic planning and compliance
- Organizational structure
- Funding readiness and sustainability
- Common myths and mistakes in the nonprofit world
- A self-assessment to determine fit and feasibility

The course provides the foundational tools to turn passion into purpose with clarity and confidence.

Moreover, 100% of proceeds will fund the 2025 Spa Day Experience for the brave formerly homeless women now housed at Angela Denise Foundation.
