

Turbozaurs Animated Series Launches on Amazon Prime Video in LATAM – Now Available in Spanish

Tale Wind Studio is proud to announce that its hit animated series Turbozaurs is now available on Amazon Prime Video across Latin America (LATAM), fully dubbed in Spanish.

Yerevan, Armenia Jun 26, 2025 ([Issuewire.com](https://www.issuewire.com)) - Turbozaurs is an action-filled animated series where kids team up with high-tech dinosaur heroes for epic adventures full of teamwork, discovery, and excitement. With its original blend of prehistoric wonder and futuristic fun, the show has become a fast favorite among young viewers.

Following its successful debut in the United States, where viewership continues to grow rapidly on Amazon Prime Video, Turbozaurs now brings its engaging characters and thrilling stories to Spanish-speaking families throughout the LATAM region.

"We're excited to expand Turbozaurs' reach to Latin American audiences with a fully localized Spanish version," said Karen Asatryan, CEO of Tale Wind Studio. "The growing fan base in the U.S. shows the series' universal appeal, and we're confident kids across LATAM will love it just as much."

All episodes of Turbozaurs are now streaming in Spanish on Amazon Prime Video LATAM.

Turbozaurs is a new animation show produced by an Armenian animation studio Tale Wind. This is a fun-filled story about a dynamic and adventurous team of dinosaurs that managed to survive in

underground caves, evolved and now can transform themselves instantly into Turbozaurs, super powerful machines, each with a unique set of features. They are discovered by three kids, forming a special rescue team of friends that can cope with any challenge, whether it is looking for a hidden treasure, growing exotic fruits or helping to find a lost pet.

Turbozaurs is a both entertainment and educational show that emphasizes the importance of teamwork, teaches how creative approach and positive mindset helps to overcome any problems and where the ecology topic plays a major role. Essentially, the series are about relationships of the children to each other; between them and the Turbozaurs; and even between the Turbozaurs themselves. The kids and their big friends must work out ways of doing things together, ways that draw on their intuition, creativity and ability to cooperate.
