

Valeriya Force Releases New Latin Pop Single “Thunder”

“Thunder” blends Latin heat and pop minimalism — a song that sounds like Miami after dark: glowing, hypnotic, and confidently feminine.

Hollywood, Florida Jun 15, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Valeriya Force, an American singer with Ukrainian roots, announces the release of her new single “Thunder” — a bold, rhythmic track blending English lyrics with Latin energy and a message of female strength. The song drops on July 11, 2025, across all streaming platforms.

The track was born on the road — during a drive through Florida with her husband. “It was completely spontaneous. I turned on my phone recorder and just started singing,” says Valeriya. “That’s when the music flows — no pressure, just pure feeling.”

Inspired by the women of Latin America — bold, sensual, expressive — “Thunder” captures the rhythm and soul of feminine confidence.

“Thunder” is the power of a woman who is the thunder — confident, passionate, and free. It’s not about proving anything. It’s about the kind of energy that moves through you, dances through you, and reminds you who you are. She doesn’t ask for permission — she just arrives.

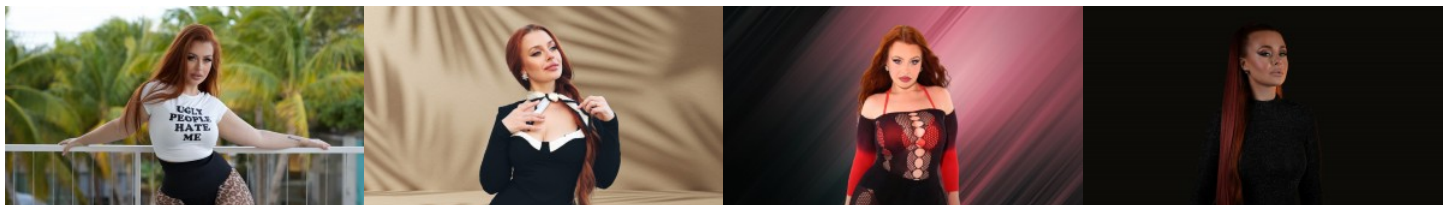

The production, arrangement, mixing, and mastering of “Thunder” were completed by the in-house team at FORCEMUSIC INC, based in Kharkiv, Ukraine.

This creative team is part of the label's core, working closely with Valeriya and her husband Vladyslav Tkachenko, co-founder and producer, who together lead the label from the United States.

Valeriya recorded the song in their home studio with Vladyslav. Their creative and personal partnership is the foundation of FORCEMUSIC — a label built independently, powered by vision, emotion, and cultural fusion.

“Thunder” will be available on Spotify, Apple Music, YouTube Music, and all major digital platforms starting July 11.
