

X Cyber Squad Recognized for Excellence in Ethical Hacking & Digital Forensics

Delivering cutting-edge cybersecurity, ethical hacking, and digital forensics services, X Cyber Squad is empowering Maharashtra's defense against evolving cyber threats

Nagpur, Maharashtra Jun 22, 2025 ([IssueWire.com](https://www.issuewire.com)) - Here's a **professional press release body** for **X Cyber Squad**, tailored to highlight its services, impact, and mission:

Nagpur's X Cyber Squad Leads New Front in Dark Web Intelligence and Cybersecurity Defense

In a digital age where cybercrime is escalating at an unprecedented pace, **X Cyber Squad**, a Nagpur-based cybersecurity firm, is making significant strides in combating online threats, cyber terrorism, and dark web exploitation. Founded by **Neerav Patel**, a certified cyber forensics and ethical hacking expert, the company is establishing itself as a critical force in India's cybersecurity landscape.

With ISO 27001 standards and a skilled team of cybersecurity analysts, digital forensic experts, and OSINT investigators, X Cyber Squad offers comprehensive services including **Vulnerability Assessment & Penetration Testing (VAPT), Mobile & Network Forensics, Dark Web Monitoring, Cyber Terrorism Tracking, Ethical Hacking, Bug Bounty Support, and Location-Based Tracking**.

"We are not just a cybersecurity company—we are a cyber army for India," says **Neerav Patel**, Founder of X Cyber Squad. "Our mission is to protect digital assets, uncover criminal cyber activity, and empower organizations with real-time intelligence."

Key Services Offered by X Cyber Squad

- **Dark Web Intelligence & Tracking:** Uncovering threat actors, illegal marketplaces, and trafficking networks.
- **Digital Forensics:** Recovery and analysis of evidence from computers, mobile devices, and cloud-based platforms.
- **Ethical Hacking & VAPT:** Identifying and mitigating vulnerabilities before real hackers do.
- **Social Media & Cyberbullying Investigations:** Tracing threats, impersonations, and abusive content.
- **Cybersecurity Training:** Offering CEH, CHFI, and OSINT programs to develop local cyber talent.

X Cyber Squad is also actively involved in assisting law enforcement agencies and legal professionals with technical analysis, evidence validation, and criminal investigations. The firm's mobile forensic recovery services have proven instrumental in numerous cases of fraud, harassment, and data breaches.

With its headquarters located at **Rajnigandha Apartments, Dhantoli, Nagpur**, X Cyber Squad is dedicated to strengthening India's digital resilience—one investigation at a time.

About X Cyber Squad

Established in 2017, X Cyber Squad is a leading cybersecurity and digital forensics firm headquartered in Nagpur, Maharashtra. Led by Neerav Patel, the firm specializes in high-tech cybercrime

investigations, advanced threat intelligence, and training for cyber professionals. Their goal is to secure the digital future of India.
