

YBNL Nation Drops Star-Studded Anthem "Kai" Featuring Olamide, Asake, Seyi Vibe, Young Jonn, and Daecolm

Lekki, Lagos Jul 7, 2025 ([IssueWire.com](https://www.IssueWire.com)) - One of Nigeria's most influential record labels, YBNL Nation, is making waves once again with the release of their latest all star collaboration, Kai, which debuted on June 9th to widespread acclaim. The single features an impressive lineup of Nigerian hitmakers Olamide, Asake, Seyi Vibe, Young Jonn, and Daecolm bringing together a powerful fusion of Afrobeat, street-hop, and modern R&B influences.

The high profile release marks a significant moment for the Nigerian music industry, reinforcing YBNL

Nation's position as a powerhouse of talent and innovation. Helmed by industry icon Olamide, YBNL continues to push boundaries and shape the sonic landscape of Afrobeats on a global scale.

"Kai" is more than just a track, it's a statement. With each featured artist delivering distinct vocals and verses, the single reflects the synergy that can emerge when top-tier Nigerian musicians unite under a shared creative vision. Olamide leads the charge with his signature cadence, while Asake brings his infectious energy and melodies. Seyi Vibe's raw lyricism blends with Young Jonn's genre-blending flair, and UK based artist Daecolm adds a smooth international edge to the mix.

The production is crisp, dynamic, and deeply rooted in the Lagos sound, offering listeners a rich blend of percussion-heavy beats and evocative songwriting. "Kai" is already gaining traction across streaming platforms, radio stations, and social media, hailed as one of the standout Nigerian collaborations of 2025.
