

AV Sales introduces the DIY Toyota Smart Sensor, branded as Protect-X.

Los Angeles, California Jul 10, 2025 ([Issuewire.com](https://www.issuewire.com)) - “As one of the new entrants in the automotive safety technology segment, AV Sales has announced its very first product, the Smart Sensor Toyota Anti-Theft, to provide Toyota vehicle owners with a smarter and more cost-effective solution to auto protection. Marketed in the name of the new stunning brand slogan, the product will be advertised as Protect-X for your Toyota car.

Recently priced at just \$149, the Smart Sensor offers Toyota users motion sensors, an entry guard, all conveniently packaged in a tool that can be installed in 15Min. It is fully compatible with all the famous models, including Corolla, Camry, Hilux, Prius, and RAV4.

AV Sales reduces the cost of installation and dealership by cutting overhead, which allows drivers to take their vehicle into their own hands by simply changing it out in the comfort of their own home, without compromising on performance or reliability.

Product Highlight:

- **Smart Sensor Toyota Anti-Theft System**

- Brand tagline: “**Protect-X for your Toyota car**”

- DIY installation (no mechanic required)
- Motion detection, intrusion alert, and Tilt Sensor
- Toyota-compatible across multiple models
- Affordable price: **\$149**

- Ships nationwide

With next-generation security that fits in your palm, AV Sales is assisting drivers in protecting Catalytic Converter, Tires and wheels and their cars as auto theft rates continue to rise.
