

Chemenova LLC Unveils IntelliForm™: AI-Powered Formulation Platform to Accelerate Chemical Innovation

Chemenova LLC, a next-gen chemical intelligence company, launches IntelliForm™, an AI-powered platform that enables faster, smarter, and more sustainable formulation development for the chemical, pharma, food, and cosmetics industries.

CHEMENOVA
— GREEN TECH —

Newark, New Jersey Jul 26, 2025 ([Issuewire.com](https://www.issuewire.com)) - Chemenova LLC, a U.S. - based chemical intelligence company, is proud to announce the launch of **IntelliForm™**, an AI-powered platform designed to revolutionize how formulations are developed, optimized, and scaled. Tailored for

formulators, manufacturers, and R&D teams, IntelliForm™ leverages machine learning and data science to deliver faster innovation with fewer resources.

“Our mission is to reduce R&D timelines from months to days,” said **Shehan Makani**, Founder of Chemenova. “With IntelliForm™, we’re giving chemists and product developers superpowers—AI tools that can suggest optimal blends, predict performance, and recommend suppliers intelligently.”

AI Meets Chemistry

IntelliForm™ is designed to empower a wide range of users:

- **Formulators:** Get smart suggestions based on target functionality, regulatory needs, or ingredient profiles
- **R&D Teams:** Run simulations, optimize cost-performance trade-offs, and streamline iteration
- **Sourcing & Procurement:** Identify global suppliers with low MOQs and verify documentation (SDS, COA, REACH, etc.)

Chemenova + Chemrich USA Integration

Through its integration with **ChemRich USA**, a specialty chemical manufacturer, Chemenova bridges digital intelligence with real-world execution. Clients can:

- Prototype with IntelliForm™
- Validate batches at ChemRich USA’s New Jersey facility
- Scale to production—all under one seamless pipeline

Target Applications

- **Pharmaceuticals:** AI-guided excipient and intermediate formulation
- **Food Ingredients:** Clean-label additive design
- **Personal Care & Cosmetics:** Smart emulsifier and botanical blend selection
- **Industrial Chemicals:** Predictive solvent compatibility and performance

About ChemeNova LLC

Chemenova LLC is a chemical technology company focused on leveraging AI and data science to modernize formulation, sourcing, and product development in the global chemical industry. Its proprietary platform, **IntelliForm™**, helps formulators design better products—faster and more sustainably.

THE FUTURE OF CHEMICALS
**INTELLIGENT.
SUSTAINABLE.
DECENTRALIZED.**

CHEMENOVA
SMART SOURCING FOR
A SUSTAINABLE FUTURE

**Buy Back Time.
Formulate Faster.
Source Smarter.**

Chemenova accelerates sustainable chemical innovation using AI-powered formulation optimization and smart chemical sourcing.
