

DEAL Mining Redefines Cloud Mining with AI-Powered Infrastructure and Global Expansion

A global cloud mining platform offering AI-powered infrastructure, zero hardware setup, and free \$15 welcome bonus for new users.

London, United Kingdom Jul 23, 2025 ([Issuewire.com](https://www.issuewire.com)) - In the rapidly evolving digital asset landscape, **DEAL Mining**, a UK-based regulated cloud mining platform, is emerging as a reliable gateway for individuals and institutions looking to participate in cryptocurrency mining with minimal technical barriers and maximum operational efficiency.

Founded in **2016**, DEAL Mining has grown into a trusted name in the global **cloud mining** industry, serving over **6.8 million users** across 200+ countries and regions. The platform leverages **AI-driven smart contracts**, **green energy-powered mining farms**, and a **decentralized cloud architecture (ICP)** to deliver a secure and sustainable mining experience.

"We believe that cloud mining should be accessible, transparent, and energy-efficient," said a spokesperson for DEAL Mining. "Our platform is designed to simplify digital asset participation for everyone — regardless of technical background or initial capital."

Key Features of DEAL Mining:

- **Zero Hardware Required:** Users can begin mining immediately without purchasing or maintaining any physical equipment.
- **\$15 Welcome Bonus:** [New users receive a \\$15 credit upon registration](#), along with \$0.60 daily

through check-in rewards.

- **Multi-Currency Support:** Includes BTC, DOGE, ETH, LTC, USDT, USDC, BNB, SOL, XRP, and more.
- **Global Uptime:** Backed by **McAfee®** and **Cloudflare®**, the platform guarantees 100% system uptime and 24/7 user support.
- **Green Energy Integration:** Mining operations are powered by renewable energy sources such as wind, solar, and hydro, reducing carbon impact by over 60% compared to traditional mining farms.
- **Referral Program:** Earn up to **4.5% in USD rewards** for inviting new users.

How the Platform Works

Users can create an account at <https://dealmining.com>, choose a preferred mining plan, and start earning passive crypto income through automated daily payouts. Each contract plan varies in length and expected return, offering flexibility to suit different investor goals.

A Transparent Future of Mining

With growing global interest in decentralized finance and digital asset diversification, DEAL Mining is positioned as a compliant and user-first solution. The platform's infrastructure is continuously updated to align with regulatory changes and market dynamics, making it a sustainable choice for both novice and professional crypto users.

Whether users are looking to start their first mining contract or expand their digital portfolio, DEAL Mining offers a comprehensive and trusted environment to earn in the new economy.
