

Earthdance Calls on Global Community to Amplify the Prayer for Peace

San Francisco, California Jul 10, 2025 ([Issuewire.com](https://www.issuewire.com)) - For nearly 30 years, the **Earthdance Prayer for Peace** has united hearts and minds across the globe in a moment of synchronized intention. Held worldwide on the weekend of **September 21**, in alignment with the **United Nations International Day of Peace**, Earthdance invites its global community to help expand this timeless message beyond a single day, carrying the spirit of peace into everyday life.

Together we can expand the Prayer for Peace even further across the globe! Earthdance invites YOU to help spread this vibration.

Share it with friends, family, and global communities!

Know a musician, DJ, or sound healer? Encourage them to remix the prayer or play it live at an event.

Feeling inspired to create a new version? Submit your remix or musical interpretation to:

“Every share, every remix, every note adds to the frequency of peace,” says the Earthdance team.
“Let’s keep the Prayer for Peace alive, not just on September 21, but every day.”
