

Hingeas Upgrades 'Your New Favourite Bottle' with Smart Features, Personal Touch, and Thoughtful Design

'Your New Favourite Bottle' with Smart Features and Custom Personalization

Akwa Ibom, Nigeria Jul 1, 2025 ([IssueWire.com](https://www.issuewire.com)) - Hingeos, the intentional lifestyle brand rooted in bold ideas and minimalist design, is proud to unveil a smarter, more personal version of its fan-favorite “Your New Favourite Bottle.” Already loved for its sleek, matte-black design and inspiring utility, the bottle now comes packed with new features tailored for thinkers on the move.

What’s New?

This isn’t just a water bottle—it’s a productivity tool, an expression of identity, and a quiet reminder to stay hydrated while staying focused.

Here’s what’s been added:

Custom Engraving Option

Now, customers can personalize their bottle with a name, mantra, or motivational phrase. Because thinking big starts with owning your mindset.

Temperature Display Cap

The upgraded lid features a touch-sensitive digital display, showing the current temperature of your drink—perfect for hot coffee or chilled lemon water.

Removable Tea/Infuser Filter

Built-in stainless steel filter for loose-leaf tea, fruit slices, or herbs. Hydration now meets clarity.

Eco-Tracker QR Code

Each bottle features a unique QR code that tracks your positive environmental impact—because sustainability is part of big thinking.

Magnetic Anti-Slip Base

A soft-grip base with magnetic stability helps keep your bottle upright and secure on workspaces, gym benches, or studio desks.

Still Thoughtfully Designed

The new features complement the bottle’s signature elements:

Double-wall vacuum insulation to keep drinks hot for 12 hours or cold for 24

600ml capacity with a compact, travel-ready silhouette

Durable stainless steel with a textured, topographical pattern finish

Packaged in Hingeos' signature kraft box with bold, minimal branding

A Word from the Brand

“Our goal was to make a bottle that fits into a creative, conscious lifestyle—not just something that holds water,” said Akinyemi Adetunji, Founder of HingeEs. “This updated version is smarter, more personal, and more aligned with the kind of thinkers we create for.”

Whether you’re mapping out a business idea, journaling your goals, or hitting the road, the new HingeEs Bottle is your perfect creative companion—hydrating your body while fueling your vision.
