

Hound and Nibbles partner to bring smarter, more accessible pet care to veterinary professionals and pet owners

Denver, Colorado Jul 28, 2025 ([IssueWire.com](https://www.issuewire.com)) - **Hound**, the people-first platform reshaping the veterinary workforce experience, has partnered with **Nibbles**, the first rewards credit card with free pet insurance, to make pet wellness more affordable, accessible, and stress-free for veterinary professionals and pet owners alike.

As part of this collaboration, Hound members will gain special access to Nibbles perks that help ease the financial load of caring for pets. With the Nibbles card, users earn three times the points on pet-related purchases and vet visits, enjoy automated claims filing, and receive complimentary pet insurance for their dog or cat. The card is currently available with no membership fee.

"This partnership is about more than perks. It is about building a future where caring for pets is easier, more affordable, and more supportive for everyone involved," said Austin Huff, Co-founder at Hound. "Veterinary professionals are often caregivers at work and at home. We want to support both. Nibbles shares this mission and is proud to partner with Hound to help support the people who care for pets, both professionally and personally."

"We built Nibbles to help pet parents access the care their pets deserve — without financial stress getting in the way," said Rafael Lopez, CEO of Nibbles. "Veterinary professionals are at the heart of that care, and partnering with Hound lets us support them in a meaningful way. Together, we're making it easier for people to say 'yes' to the treatments their pets need."

Hound's platform continues to expand its suite of tools to improve every stage of the veterinary career journey. From job matching to at-home diagnostics through Homelove, and now financial wellness support through Nibbles, Hound remains committed to making the profession more sustainable for caregivers and more accessible for clients.
