

Infrassist Technologies Pvt Ltd. Recognized by Graylog as a White-Label Managed Services Partner

Infrassist Technologies Pvt Ltd. has been officially recognized by Graylog as a trusted White-Label Managed Services Partner, highlighting its excellence in delivering secure, scalable, and expert-driven IT solutions for MSPs.

Ahmedabad, Gujarat Aug 4, 2025 ([IssueWire.com](https://www.issuewire.com)) - Infrassist Technologies Pvt. Ltd., a global leader in white-label managed services, is proud to announce its inclusion as a trusted MSP partner on the [official partner listings of Graylog](#), a leading provider of log management and security analytics solutions.

By featuring **Infrassist Technologies** on its website, Graylog acknowledges the company's expertise in delivering end-to-end, white-label support for Managed Service Providers (MSPs) looking to implement or scale log monitoring and management capabilities for their clients.

“This recognition by Graylog reinforces our mission to deliver seamless, brandable backend services that help MSPs scale faster and more efficiently,” said Nirav Shah, Director of Technical Excellence at Infrassist Technologies. “Our [white-label managed services](#) model is designed to give MSPs full control, while we manage the heavy lifting behind the scenes, including integrating advanced platforms like Graylog.”

Infrassist Technologies Pvt. Ltd enables MSPs to offer enterprise-grade features like centralized logging, real-time alerting, threat detection, and compliance reporting - all under their own brand. With 24x7 NOC, cybersecurity, and monitoring services, Infrassist's support allows MSPs to focus on growth and customer satisfaction without worrying about backend operations.

“At Infrassist, we solve operational bottlenecks on your terms. Whether scaling up or down, we align with your goals and SLAs to integrate seamlessly into your MSP journey,” added Nirav. “The partnership enhances this promise by adding deep log visibility and operational intelligence to our white-label services.”

This recognition highlights Infrassist Technologies' ongoing efforts to partner with leading platforms and deliver MSP-focused solutions that are secure, scalable, and service-ready.
