A Heart for Service in Tampa Bay Real Estate

New York City, New York Jul 13, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Johanna Navarro, a licensed Realtor with The Roman Group of Century 21 BE3, has been recognized as one of BestAgents.us' Top Agents for 2025—a reflection of her ongoing commitment to serving others through real estate across Wesley Chapel and the greater Tampa Bay area.

A Tampa native and proud graduate of the University of South Florida, Johanna brings not only

extensive local knowledge but a genuine passion for helping people find their place in the world. Over the past eight years, she has focused on residential real estate throughout Hillsborough, Hernando, Pinellas, Pasco, and Polk counties—supporting clients through every step of buying, selling, renting, or investing.

What sets Johanna apart is her thoughtful, client-first approach. With a background in marketing, negotiation, and finance, she combines industry expertise with empathy and honesty. Her goal is always to create a real estate experience that feels clear, collaborative, and even enjoyable. Communication is central to her work—she’s known for keeping clients informed, engaged, and confident from start to finish.

Her dedication hasn’t gone unnoticed: Johanna was voted “Best of the Best” in Tampa Bay in both 2021 and 2022. But for her, the most meaningful recognition comes from the trust of those she serves. Whether it’s a first-time homebuyer, a growing family, or a long-time investor, Johanna considers it a privilege to help people move forward into the next chapter of their lives.

Outside of real estate, Johanna is often found soaking up Florida’s sunshine—whether at the beach, browsing local craft shows, or spending quality time with her family. Her love for adventure and connection fuels her ability to stay grounded, balanced, and inspired.

For anyone looking to buy or sell in the Tampa Bay area, Johanna Navarro is more than a real estate professional—she’s a trusted partner, a dedicated guide, and a steady hand in a complex process.
