

Leadership in Action: NBNM Global Secures \$1.5M Turnkey Project, Demonstrating Consulting Excellence

New Delhi, Delhi Jul 25, 2025 ([Issuewire.com](https://www.issuewire.com)) - NBNM Global, a leader in industrial project execution in India, proudly announces the successful acquisition of a \$1.5 million contract for the turnkey development and supply of high-performance industrial machinery.

This industrial project had been delayed for over 18 months due to engineering complexity and execution gaps. Recognizing the urgency, NBNM Global, known for its excellence in industrial project delivery, stepped in to lead the initiative from system design and prototyping to production oversight and deployment.

At NBNM Global, we solve high-stakes challenges through strategy and execution. This win highlights our leadership in smart manufacturing, industrial product development, and execution excellence – said **Abhishek Srivastava**, Managing Partner of NBNM Global.

Leveraging years of experience in manufacturing transformation and precision engineering, the company is delivering machinery tailored for demanding infrastructure use cases. This high-value engagement affirms NBNM Global's role as a top-tier partner in **public sector consulting, business transformation, and innovation**.

At NBNM Global, we don't just execute—we transform industrial visions into scalable outcomes. This project showcases our ability to lead under pressure, mitigate risks, and deliver precision-based turnkey solutions that strengthen India's industrial backbone." said Nishith Raj, Senior Partner of NBNM Global.

Why This Matters

- Strengthens India's industrial capacity
- Sets a benchmark in turnkey execution
- Elevates India's global positioning in smart manufacturing
