

Luxe Artisanship Launches Ramayana Collection: Handcrafted Brass Idols Celebrating Spiritual Heritage

The Ramayana Collection features meticulously handcrafted brass idols, each symbolizing timeless values and spiritual heritage, bringing sacred artistry into modern homes.

Noida, Uttar Pradesh Jul 25, 2025 ([IssueWire.com](https://www.issuewire.com)) - Luxe Artisanship, a luxury brand specializing in sacred brass décor, is proud to announce the launch of its **Ramayana Collection**, featuring exquisitely handcrafted idols inspired by India's timeless epic. More than mere ornamental pieces, these creations aim to bring calm, balance, and spiritual energy into modern living spaces.

Collection Highlights

Each item is molded, carved, and hand-finished by skilled craftspeople using traditional brass techniques, ensuring every idol is a unique sacred creation, rich in detail and spiritual resonance. Highlights include:

Ram Lalla — The Innocent Divine

A heartwarming depiction of [Lord Ram](#) as a child, invoking protection, innocence, and eternal dharma.

Shree Ram Darbar — Unity in Dharma

A regal ensemble of Lord Ram, Sita, Lakshman, and Hanuman, symbolizing family values, righteousness, loyalty, and love.

Hanuman Ji — Strength, Devotion & Fearlessness

Available in dynamic forms—carrying the Sanjeevani, in meditation, or bowing at Lord Ram's

feet—each brings powerful energy and steadfast bhakti.

Garuda — Speed, Devotion & Divine Protection

Majestically presented, this idol emanates alertness, spiritual protection, and deep devotion.

“This Ramayana Collection celebrates not just divine figures but the values they symbolize. It serves as an inspiration to integrate meaning, elegance, and tradition into daily life,” said **Nanesh Goyal**, Founder & CEO of Luxe Artisanhip.

Guidelines for Sacred Placement

To foster serene, spiritually uplifting spaces, Luxe Artisanhip recommends:

Place idols on clean, elevated surfaces of wood or marble—avoid floors or cluttered areas.

Keep the surroundings calm and tidy, accentuated by fresh flowers, incense, or a diya.

Follow vastu-based orientations:

Ram Darbar — North-East

Hanuman Ji — Facing South

Ram Lalla — East-facing altar

Expand the Sacred Space

Complementing the Ramayana line, Luxe Artisanhip also offers an array of handcrafted brass décor:

Brass Idols of Other Deities: Lakshmi (abundance), Ganesha (wisdom), Shiva (transformation), Radha-Krishna (love).

Brass Diyas: Ranging from temple-style [diya](#) to floating lotus designs—perfect for festivals, rituals, and daily puja.

Brass Urulis: Elegant bowls for flowers, water, or candles—ideal as entryway accents or centerpieces.

Sacred Forms: Wall hangings and tabletop sculptures to balance energy and uplift spiritual décor.

“At Luxe Artisanhip, we don’t just make idols — we bring sacred stories into people’s homes,” says **Chander Goyal**, Creative Director.
