Bedford, Bedfordshire Jul 23, 2025 ([Issuewire.com](https://www.issuewire.com)) - Jamarahome, a leading destination for premium electronics and lifestyle products, is excited to announce a major update to one of its best-

selling audio products – the Sony Wireless Headphones WH-CH520 in Blue. With enhanced functionality and customer-focused upgrades, this update is designed to deliver a more immersive, user-friendly listening experience.

Now available on the Jamarahome website, the newly enhanced Sony WH-CH520 headphones come equipped with the following standout features:

- **New & Improved Features:**

Extended Battery Life – Up to 50 Hours: Stay powered longer with an upgraded battery that supports up to 50 hours of playback time – perfect for long commutes, workdays, or extended study sessions.

Multipoint Bluetooth Connectivity: Seamlessly switch between two connected Bluetooth devices, such as your phone and laptop, without needing to disconnect and reconnect.

Customizable Sound via Sony Headphones Connect App: Tailor your audio experience with adjustable EQ settings, letting you enhance bass, treble, and mids to suit your preferences.

Enhanced Call Quality with Built-In Microphone: Improved microphone performance provides clearer voice calls with advanced noise reduction, even in noisy environments.

Lightweight and Comfortable Design: Retaining its iconic sleek style, the WH-CH520 is now even more ergonomic with a cushioned headband and soft earcups for all-day wearability.

USB-C Fast Charging Support: Get up to 1.5 hours of playback with just a 3-minute quick charge – a new essential for users on the go.

- **Available Now**

The updated Sony WH-CH520 Wireless Headphones (Blue) are available exclusively at Jamarahome.com. Customers can shop with confidence, thanks to secure checkout, fast shipping, and top-tier customer service.
