

Optician India announces 3 Day Educational Programs at OpticsFAIR Bharat Mandapam from 29-31st August

Day 1 Aug 29- EduFAIR: Upskill eyecare practitioners in dispensing Day 2 Aug 30- VisionConnect: Expert panel (invite only) + Students Masterclass & Job Fair Day 3 Aug 31- Vision Craft: Train-the-trainer sessions for Vision Technicians & Optometrists

New Delhi, Delhi Jul 24, 2025 ([Issuewire.com](https://www.issuewire.com)) - 3 Days 3 Opportunities

[Optician India Magazine](#) is proud to announce a curated 3-Day Educational Program at the Eyewear Planet we call as the International Optics FAIR India, Bharat Mandapam, Pragati Maidan, New Delhi from August 29–31, 2025, which brings together over 25,000 professionals to explore cutting-edge eyewear, instruments, and innovations. The fair serves as a vital platform for networking, business growth, and showcasing the future of vision care.

Day 1 (29th August, 2025) – EduFAIR

Organized by the Optometry Confederation of India (OCI), this day features lectures and hands-on sessions covering contact lens practice, myopia management, and digital optometry innovations. 100 seats - [registration link](#)

This program features an intensive lineup focused on digital optometry, contact lenses, and myopia management. Highlights include Optomed's hands-on session on AI-integrated imaging, Bausch & Lomb's practical workshop on multifocal contact lens dispensing, and Hoya's interactive approach to myopia management with spectacle lens solutions. Led by industry experts and supported by Optician India and the Optometry Confederation of India, the day blends lectures, demos, and hands-on

learning—delivering a comprehensive experience in clinical and practical eyecare advancements.

Day 2 (30th August, 2025) – VisionConnect

A powerful convergence hosted by VisionSpring Foundation, combining invite-only expert panel discussions, a skills-driven masterclass, and a dedicated job fair. Employers gain brand exposure and access to pre-screened talent, while candidates connect with leading recruiters in the optical industry. 100 Seats for Masterclass & 200 Seats Job Fair - [registration link](#)

This day features panel discussions with industry trailblazers in the Expert Panel (an invite only event), Whereas in the Job Fair features employer branding booths, resume access, and live interviews—offering a transformative space for job seekers and recruiters of the optical industry. The masterclass aims at enabling the competitive edge for the candidates and make them job ready for the easy adoption by the eyecare industry.

Day 3 (31st August, 2025) – Vision Craft 25

Led by Dr. Shroff's Charity Eye Hospital, this hands-on dispensing workshop equips Optometrists and Vision Technicians with practical skills including PD measurement, PALs marking, and troubleshooting. 100 Seats - [registration link](#)

This specialized program, tailored for Vision Technicians and Optometrists, begins with a series of pre-preparatory online sessions held on Zoom. Topics include PD Measurement, Frame Selection, PALs Marking, and Dispensing Basics & Troubleshooting. The purpose of the online sessions is to bring all attendees at par and enabling a clearer understanding of the subject during the main hands-on workshop, which will be conducted in person offering practical training to enhance real-world dispensing expertise.
