

Pert - Smart Home Automation Solutions in Hyderabad

Hyderabad, Telangana Jul 23, 2025 ([IssueWire.com](https://www.issuewire.com)) - In a bold move to redefine modern urban living, **Pert – Smart Home Automation Solutions**, headquartered in Hyderabad, is leading the charge in transforming Indian homes into intelligent, voice-controlled living spaces. As the demand for tech-integrated homes rises among the city's working professionals, families, and builders, Pert stands out with a comprehensive range of smart products designed to simplify and elevate daily life.

At the core of Pert's offering is a vision: *"Simplify Life. One Panel to Rule Them All."* The company delivers seamless smart home integration powered by **Zigbee technology**, known for its stability, energy efficiency, and superior connectivity.

Why Pert Is the Preferred Choice in Hyderabad

With growing congestion, fast-paced lifestyles, and tech-savvy citizens, Hyderabad has emerged as a fertile ground for home automation. Pert addresses this demand with products that offer intuitive control, smart scheduling, energy savings, and scene-setting to match moods and moments.

"Our mission is to make smart living simple, secure, and accessible to everyone," said [Founder/CEO Name], Founder of Pert. "We're not just selling devices—we're providing a lifestyle upgrade with reliable technology and personalized service."

Cutting-Edge Products Tailored for Every Home

From 1BHK apartments to luxury villas, Pert offers modular smart solutions that adapt to any home. Notable products include:

- **Stella Keypads** – Stylish 8-button wall panels for controlling lights, curtains, ACs, and custom scenes.
- **4 Node Smart Switches** – Voice-activated or app-based smart switching for all appliances.
- **IR Blaster** – A universal remote replacement that syncs all IR devices with Alexa or Google Home.
- **Smart Plugs & Dimmers** – Monitor and manage individual appliances with energy-saving controls.
- **Motion Sensors & Curtain Motors** – Automate lighting and drapes based on presence and preferences.

All devices are built with premium components like Osram/Bridgelux COB chips and come with **two-year warranty**, ensuring reliability and customer trust.

Seamless Integration with Alexa and Google Home

Pert products are designed to work effortlessly with popular voice assistants such as **Amazon Alexa** and **Google Assistant**. Whether it's turning on the lights, setting the perfect temperature, or switching on the geyser from your bed, users can operate their homes hands-free or through a mobile app—making Pert ideal for working couples, senior citizens, and tech enthusiasts alike.

“Hey Alexa, Good Night” or “OK Google, Movie Time” — with just one phrase, an entire ambiance can be created via Pert's customizable **Scenes** and **Automations**.

Easy Installation and Support

Pert's team provides complete **consultation, installation, and after-sales support** across Hyderabad and surrounding regions. Whether you're renovating a home or building a new one, the Pert Experience Center in Jubilee Hills offers a hands-on demo of what's possible in a smart home.

What Customers Say

Customers across Hyderabad—from Madhapur to Sainikpuri—consistently praise Pert's responsive service, elegant product design, and seamless automation.

"I installed Pert in my 3BHK flat. One Stella keypad controls everything—AC, lights, curtains. It's a game-changer." – said Mr. Srinivas, resident of Kondapur.

"We chose Pert over big brands like Keus and Hogar because of their personalized service and locally available team." – shared Mrs. Lakshmi from Gachibowli.

Made in India, Built for the Future

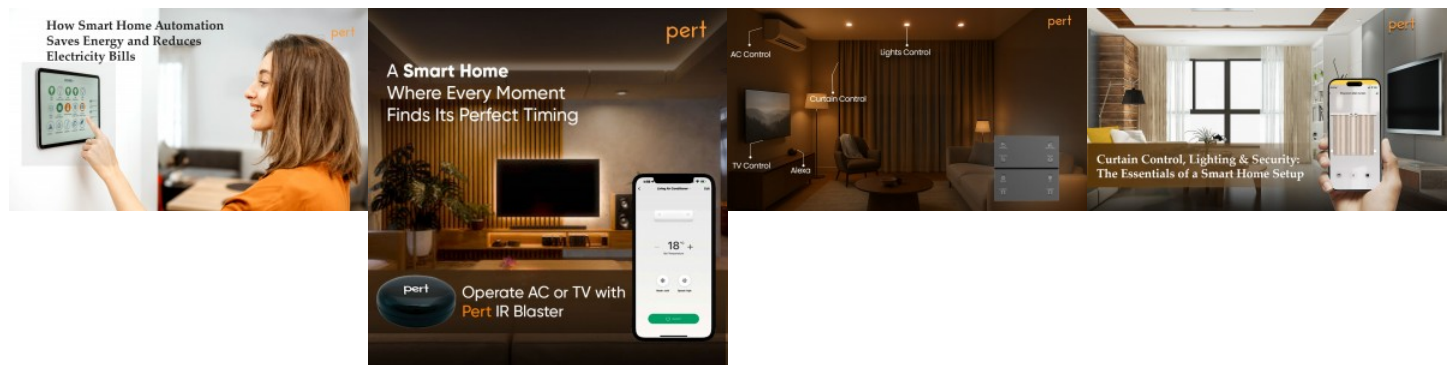

Unlike imported alternatives, Pert is **designed and manufactured in India**, with R&D rooted in Hyderabad. This ensures faster service, better pricing, and a deep understanding of Indian households and needs.

The products support both **retrofit and new-build installations**, which means no heavy rewiring is needed. This is perfect for rental homes, family apartments, and villas alike.

Special Offer for Hyderabad Homeowners

To promote smart living in the city, Pert is currently offering **free demos and consultations** for interested customers. Those booking this month can also avail of **exclusive discounts** on full-home automation packages.

Visit www.pert.me or book a free demo at the **Pert Experience Center, Jubilee Hills, Hyderabad**, to explore how smart living can transform your home.
