

Petzooie Launches “Pet Memorial” Page to Help Pet Owners Celebrate the Lives of Their Beloved Companions

Los Angeles, California Jul 12, 2025 ([IssueWire.com](https://www.issuewire.com)) - Petzooie, the leading digital destination for pet lovers, has launched a heartfelt new feature called the **Pet Memorial** page, aimed at providing a space for pet parents to honor and celebrate the lives of their beloved pets. Accessible at <https://www.petzooie.com/craft-a-tribute>, this new initiative offers users a chance to create personalized tributes that capture the essence and memories of their cherished companions.

Losing a pet is never easy. For many, pets are more than animals — they are family. Petzooie’s Pet Memorial page allows grieving pet owners to craft meaningful tributes, upload photos, write memorial messages, and share their stories with a compassionate community.

“For many of us, pets are more than companions — they are family,” said **Adam Russel**, Owner of Petzooie. “With the Pet Memorial page, we wanted to create a healing space where pet owners can reflect, remember, and celebrate the lives of their pets. It’s a small but heartfelt way to give back to the community that has trusted us with their pet journeys.”

Key Features of the Pet Memorial Page:

- **Custom Tribute Pages** with photos, stories, and memorial text
- **Public Sharing** options to spread your pet's legacy
- **Supportive Community Engagement** where users can react and leave heartfelt messages
- **Completely Free** to use and open to pet lovers worldwide

With this launch, Petzooie further strengthens its commitment to supporting pet owners through all stages of pet care — from nutrition and activities to the most emotional moments of loss.

This compassionate space honors pets of all kinds, from loyal dogs and loving cats to rabbits, birds, and reptiles, giving every story the space it deserves.
