

# Property Inspection DXB Launches Premier “Building Inspection” Services Across Dubai and the UAE

Dubai’s Property Inspection DXB offers InterNACHI-certified building inspection services—structural, MEP, finishing checks—with 24-hour reports and UAE-wide coverage to safeguard real estate investments.

**Dubai, United Arab Emirates Jul 10, 2025 ([Issuewire.com](https://www.issuewire.com))** - Property Inspection DXB, Dubai’s leading provider of comprehensive property inspection services, proudly announces its dedicated [building inspection](#) offerings for homeowners, buyers, tenants, and real estate professionals across the UAE.

With over a decade of industry experience and InterNACHI-certified engineers conducting more than 3,000 inspections to date, Property Inspection DXB blends technical expertise with local insight. Their portfolio spans villas, apartments, townhouses, offices, shops, garages, and full-scale buildings, ensuring meticulous oversight at every level.

“At Property Inspection DXB, we recognize that every property is a significant investment,” said Nafees, Senior Inspector. “Our mission is to safeguard that investment through rigorous building inspection services that detect structural deficiencies, MEP flaws, HVAC issues, and finishing snags before they escalate.”

Their flagship offering, the **Building Inspection**, includes:

- Structural assessment—foundations, walls, column integrity
- Mechanical, electrical, and plumbing systems (MEP)—including HVAC and AC units
- HVAC and indoor air quality, using thermal imaging and moisture meters
- Finishing quality—paint, tiling, flooring, and joinery
- Safety verification—electrical outlets, sockets, and gas detection
- Comprehensive snagging report with photographic documentation

Services span pre- and post-handover snags, 11-month warranty inspections, renovation checks, and secondary-market assessments. Property Inspection DXB delivers high-quality, developer-ready reports within 24 hours and provides end-to-end facilitation with contractors and developers for remediation.

Their professional credentials include InterNACHI certification, RERA registration, and employment of advanced diagnostic tools such as thermal cameras, moisture meters, and socket testers.

## Why choose Property Inspection DXB?

- **Decade of experience:** Over 10 years serving the Dubai real estate market
- **Rapid turnaround:** Reports delivered within 24 hours of inspection

- **Certified professionals:** InterNACHI-certified engineers ensuring accuracy and reliability
- **Comprehensive coverage:** From structural soundness to finishing flaws and AC functionality
- **Seamless process:** Hassle-free booking, developer liaison, and follow-up coordination

**Client testimonials** reflect the company's reputation for quality:

"Nafees handled the snagging process meticulously... The value I received far outweighed the cost." – Valentina Gómez

"I am extremely pleased with the results... dedication and attention to detail made a noticeable difference." – Lucas Pierre Dubois

"His remarkable attention to detail... far surpassing my expectations." – Amir Hassan

Property Inspection DXB is now fully available across Dubai and other UAE emirates, including Abu Dhabi, Sharjah, Ajman, and Ras Al-Khaimah.
