

RE Capital and Grupo Santo Launch Bellevue, Landmark Luxury Residential Project in Cascais

Real Estate

Geneve, Switzerland Jul 10, 2025 ([Issuewire.com](https://www.issuewire.com)) - RE Capital, a pan-European real estate investment and development leader, together with local partner Grupo Santo, is pleased to announce the launch of Bellevue, an exclusive €40 million luxury residential development in Cascais. Bellevue will comprise 14 apartments designed by ARX Portugal, Arquitectos, offering elegant, sustainable living spaces in one of Lisbon's most sought-after coastal locations. For further details, please visit www.bellevuecascais.com.

Construction of Bellevue is underway, with completion scheduled for early 2027. The project is expected to set a new benchmark for high-end residential living in Cascais, combining refined design with a focus on quality and sustainability.

[Newman Leech](#), CEO of RE Capital, commented: "Bellevue reflects our ambition to create best-in-class residential projects in exceptional locations. This development showcases our commitment to delivering projects that offer lasting value for homeowners and investors."

Nuno Vicente Santos, Head of Portugal at RE Capital, added: "Bellevue is a milestone in our Portuguese portfolio and embodies our focus on delivering projects that align with the evolving expectations of residents in Cascais. We are excited to advance this unique project and contribute to the ongoing development of this prestigious area."

Paulo Santo, Vice-President of Grupo Santo, said: "Bellevue combines over five decades of Grupo Santo's experience with RE Capital's dedication to quality and innovation. We are proud to bring a project of this calibre to Cascais, continuing our tradition of excellence in residential development."
