

Revolutionizing Cold Storage Mobility: Small Refrigerated Trailer Now Available for Sale Across the U.S.

Las Vegas, Nevada Jul 10, 2025 ([IssueWire.com](https://www.issuewire.com)) - In a bold move to meet the rising demand for flexible cold storage solutions, Freeze Boxes, a trusted leader in mobile refrigeration systems, proudly announces the nationwide availability of its [Small Refrigerated Trailer for Sale](#). Built for performance, efficiency, and mobility, this game-changing trailer is designed to help small and mid-sized businesses transport perishable goods safely and affordably.

Ideal for industries such as food service, catering, agriculture, floral delivery, pharmaceuticals, and event management, the new trailer offers a cost-efficient alternative to large refrigerated trucks—without sacrificing cooling power or reliability.

Compact Design, Maximum Performance

Unlike bulky refrigerated trucks or stationary cold rooms, the small refrigerated trailer offers a nimble and space-saving design that makes it easy to tow, park, and store. Despite its compact size, the trailer is equipped with state-of-the-art cooling technology that can maintain temperatures from 0°F to 50°F (-18°C to 10°C), making it suitable for frozen, chilled, or ambient storage.

Key Features Include:

- Heavy-duty insulated panels for optimal temperature retention
- Digital thermostat and temperature monitoring system
- Low-noise refrigeration unit (electric or generator powered)
- Durable frame with secure locking doors and non-slip flooring
- Towable by most SUVs, pickup trucks, or light commercial vehicles
- DOT-compliant design and LED lighting system

Built for Small Businesses, Backed by Big Performance

Our small refrigerated trailer is specifically engineered for versatility and affordability—giving growing businesses the power to transport temperature-sensitive products without breaking the bank.
