

Setubridge Launches Smarter Shopify Quote Management App with AI, Live Chat & Free Trial

‘Request a Quote’ introduces powerful new features to help Shopify merchants convert custom orders with less effort.

Ahmedabad, Gujarat Jul 4, 2025 ([Issuewire.com](https://www.issuewire.com)) - Setubridge Technolabs, a leading [eCommerce development company](#) specializing in Shopify solutions, is dedicated to helping online merchants streamline operations and boost conversions through powerful, productivity-driven apps. With a focus on innovation and user-centric design, the company continues to build tools that simplify complex workflows for merchants worldwide.

Today, Setubridge Technolabs announced a major update to its popular Shopify app, Request a Quote, introducing advanced features like AI-driven lead scoring, real-time quote chat, spam protection, and a business intelligence dashboard. The app is now available with a **free trial**, allowing merchants to explore its full functionality without any upfront cost.

Handling custom pricing and bulk quote requests has long been a challenge for Shopify merchants. The newly enhanced Request a Quote app addresses this issue by introducing smart automation and insights—enabling store owners to prioritize, manage, and convert leads efficiently.

Key Features:

- **AI Lead Quality Scoring** to identify and prioritize high-value leads
- **Spam Protection** to eliminate irrelevant or bot submissions
- **One-Click Quote-to-Order Conversion**
- **Real-Time Quote Chat** for faster customer interactions
- **Business Intelligence Dashboard** for performance insights
- **Source Tracking** to identify lead origins
- **Third-Party Integration** support
- **Advanced Organization Tools:** Stages, Labels, Notes & Comments

“We’ve designed the app to help store owners focus on quotes that convert,” said Sagar Panchal, CEO of Setubridge Technolabs. “With AI, insights, and better communication tools, this makes the quoting process smarter and faster.”

The updated Request a Quote app is now live on the Shopify App Store and available with a **free trial**: <https://apps.shopify.com/request-a-quote-hide-price-sb>
