

Share Advanced Brings 5-Step Deep Cleaning to Lehigh Valley Homes and Businesses for Carpet, Tile and Grout Floors

Experience unmatched carpet, tile, and grout cleaning in Allentown, Bethlehem, and Easton with our 5-step deep cleaning process designed to remove more soil, leave no residue, and restore your floors to like-new condition.

Allentown, Pennsylvania Jul 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - When it comes to floor cleaning in the Lehigh Valley, not all services are created equal. At **Share Advanced Tile and Carpet Deep Cleaning Services LLC**, we proudly serve **Allentown, Bethlehem, Easton, and surrounding areas** with a results-driven 5-step process that goes beyond surface cleaning to deliver a truly deep, long-lasting clean.

Our approach is based on the science of **soil suspension** — the essential principle in deep cleaning — and supported by five critical elements: **temperature, agitation, chemical, time, and extraction**. Unlike many cleaning companies that skip steps or rush the process, we take the time to do it right, every time.

What Makes Our Cleaning Process Different?

Our **5-step carpet, tile, and grout cleaning process** ensures maximum soil removal, minimal residue, and visibly fresher, healthier floors:

- **Vacuuming:** We begin by removing dry soils with a thorough vacuum to prevent mudding during wet cleaning.
- **Pre-Spray:** We pre-spray a specially formulated cleaning solution, giving it proper dwell time for deeper soil penetration.
- **Agitation:** Using counter-rotating brushes, we agitate the surface to reach deep into grout lines and carpet fibers — a step most local companies skip.
- **Re-Spray:** We spray the surface again after agitation to suspend even more dirt and grime loosened during the process.
- **Rinse & Extract:** Finally, we rinse with 215°F steam and extract with precision, leaving behind zero residue and a uniform, clean finish.

Each step is meticulously crafted to restore your floors to like-new condition — **without damaging your surfaces or leaving chemical residue behind.**

Why Lehigh Valley Trusts Share Advanced

We're not just another floor cleaning service in Allentown. We're a **locally owned and operated** business that believes in doing things the right way — every time.

- ❓ **Eco-friendly, pet-safe products**
- ❓ **Uniformed, trained technicians**
