

Suzanne Wrisley Strengthens Critical Care and Post-Anesthesia Nursing in Haverford, PA

Highly credentialed RN brings decades of experience in intensive care and surgical recovery to elevate patient outcomes and safety

New York City, New York Jul 7, 2025 ([IssueWire.com](https://www.issuewire.com)) - Christiana/Atlas Healthcare Network proudly recognizes Suzanne Wrisley, RN, BSN, CCRN, CPAN, for her exceptional dedication to advancing the standards of nursing care in critical and post-anesthesia settings. As a registered nurse with dual board certifications in critical care and perianesthesia nursing, Suzanne serves as a clinical leader and advocate for patient-centered care across Garnet Valley and surrounding communities.

Suzanne holds a Bachelor of Science in Nursing and maintains national certifications as a Critical Care Registered Nurse (CCRN) and Certified Post Anesthesia Nurse (CPAN). With an extensive background in intensive care units (ICUs) and post-anesthesia care units (PACUs), she specializes in the care of patients recovering from major surgery, trauma, and complex medical conditions. Her expertise includes advanced cardiac and respiratory monitoring, ventilator management, pain control, and emergency response coordination.

Throughout her career, Suzanne has been known for her steady presence, clinical acumen, and compassionate approach. At the bedside, she excels at stabilizing critically ill patients, educating families, and serving as a liaison between medical teams to ensure continuity of care. Her meticulous attention to detail and calm under pressure make her a vital resource in high-stakes environments where every second counts.

Beyond her hands-on care, Suzanne plays an integral role in professional development and process improvement. She mentors new nurses and actively contributes to quality initiatives aimed at reducing post-surgical complications. Her leadership in both practice and education demonstrates her unwavering commitment to improving outcomes and nurturing future nursing professionals.

Looking ahead, Suzanne is extremely passionate about furthering patient advocacy, assisting patients and caregivers in navigating the healthcare system, and skillfully negotiating solutions while upholding the highest ethical standards. Her work ensures patients' needs, rights, and concerns are met in the best possible way, furthering their education about medical conditions, treatment plans, and appropriate follow-up care. She looks forward to being a part of the Christiana health care system.
