

TC.KYLIE Prepares For Japan Tour Following Critical Acclaim for RE:birth resurrection EP

Jazz fusion innovator TC.KYLIE is set to embark on a highly anticipated Japan tour this September, following the international success of her debut EP RE:birth resurrection.

across major Japanese cities, bringing a combination of jazz fusion, gaming-inspired electronica, and cinematic post-rock to audiences in the country that has significantly influenced her musical style. This tour represents a meaningful homecoming for many of the sonic elements that shape her distinctive sound.

TC.KYLIE's meteoric rise in the global jazz scene follows her transition from award-winning Hong Kong journalist to boundary-pushing musician. Her EP has garnered attention for its bold fusion of cultural perspectives, technical virtuosity, and emotional storytelling, particularly resonating with audiences seeking more diverse voices in instrumental music.

Her debut EP, *RE:birth resurrection*, recorded partially at London's legendary Abbey Road Studios, showcases TC.KYLIE's prowess as a keytarist and composer while highlighting her commitment to championing representation for Asian women in jazz and instrumental music. Working with Golden Melody Award-winning producer Howe has further elevated the project's production quality and cross-cultural appeal, which has been celebrated for its innovative approach to odd-meter jazz and post-rock elements. Her track "Merry-Go-Round of Life," a reimagining of Joe Hisaishi's Ghibli classic through Sega-era synth solos and jazz big band arrangements, has become a standout success on streaming platforms.

TC.KYLIE has ignited airwaves worldwide, with her EP receiving airplay in over ten countries. Media outlets from TheAlternative9 in the UK to Heavy Pop (SIN23OU) in Japan have praised her unique cultural hybridity and technical mastery. Her music has found particular resonance with platforms dedicated to showcasing innovative approaches to jazz, gaming soundtracks, and Asian diaspora artists. "My music speaks for a generation between cultures—between resilience and rebirth," says TC.KYLIE. "This is jazz reimagined for gamers, dreamers, and the diaspora."

As headliner at the 2024 EFG London Jazz Festival and supporting Butcher Brown at the Jazz Café, she has demonstrated an ability to translate her complex compositions into captivating live experiences. TC.KYLIE's live performances have already established her as a compelling stage presence. Recent appearances at Hyper Japan, PizzaExpress Live, and Hanwell Hootie have further cemented her reputation as a must-see live performer.

The upcoming Japan tour represents a pivotal new chapter in TC.KYLIE's artistic evolution, following the momentum of her recent critical successes. The tour itinerary, including specific dates, venues, and special guest appearances, will be announced in the coming weeks across TC.KYLIE's official social media channels, where followers can also access exclusive behind-the-scenes content.
